

SINGLE COPIES, 5 CENTS.

GREENCASTLE, INDIANA, FRIDAY, SEPTEMBER 3, 1915.

\$1.00 PER YEAR.

HUNDREDS THROG HAZELETT GROVE FOR THE PICNIC

GREENCASTLE'S FIRST ANNUAL PICNIC AND HOME-COMING IS A BIG SUCCESS, ACCORDING TO THE MANAGEMENT OF THE EVENT—WEATHER IS IDEAL FOR THE OCCASION AND THE SIZE OF THE CROWD IS GREATER THAN WAS EXPECTED—AFTERNOON PROGRAM IS VERY ENTERTAINING.

GOV. S.M. RALSTON SPEAKS

The shriek of toy whistles, the continual and persistent happing of "barkers" operating stands, and the merry hum of many voices and frequent shouts of laughter, were the prevailing sounds in the Hazlett grove just east of the city at Stop 29 on the interurban Tuesday, where Greencastle's first annual picnic and home-coming was held. All were significant of the crowd's enjoyment of the occasion.

A great crowd surged to and fro on the picnic ground and the attendance was much better than was expected by the management of the affair. In the afternoon the picnic grounds were crowded, the attendance being much greater than in the morning. The affair is regarded as one of the most successful of its kind ever promoted in this community in many years.

The weatherman was real kind that day, furnishing a fine brand of weather for the picnic. In the morning the air was rather damp and cold, but as the day passed the sun's rays warmed the atmosphere considerably and conditions were ideal for the picnic that afternoon. The grounds were free from dust, the heavy grass in the Hazlett grove, providing an excellent "floor" for the picnic scene.

The interurban line furnished excellent transportation to the Hazlett grove, many hundred people going to and from the picnic grounds by that means. One car was used for the especial purpose of accommodating the picnicers. All the interurban cars stopped at the picnic grounds, however, and they cared for a large portion of the crowd.

Governor Samuel M. Ralston arrived Tuesday morning on the 11:51 interurban car and was welcomed by a local committee consisting of Ferd Lucas, J. N. Holloway, Rev. Demetrius Tillotson, and James L. Randel. He was entertained at the Commercial Hotel at lunch. After noon the party made a trip about the city in the Lucas machine and later went to the picnic grounds, where he addressed the big crowd. His speech was very interesting and many people crowded about the band stand during his talk.

Judge Joseph W. Williams of Martinsville addressed the crowd early in the afternoon. He is a flowery orator and his address held the attention of an enormous crowd. He came here early Tuesday and was entertained by the following citizens: Superintendent of Schools H. A. Henderson, Attorney C. T. Peek, and Judge James P. Hughes. The party made a trip to the State Farm and a sight-seeing tour was made over the land near Putnamville.

(Continued on Page Four.)

A FAREWELL PARTY FOR MISS ELIZABETH LANDES

Dr. and Mrs. W. M. McGaughey entertained a number of their neighbors Monday evening in honor of Miss Elizabeth Landes, daughter of Mr. and Mrs. Albert Landes who left Tuesday for Indianapolis where she will enter the St. Vincent's Hospital to take up her study to become a trained nurse. Those present were Mr. and Mrs. Frank Lyons and son Glenn, Mr. and Mrs. Albert Landes, Miss Elizabeth Landes, Herbert Landes, Mr. and Mrs. Ed Bicknell, Miss Mary Bicknell, Mr. and Mrs. C. N. McWethy and daughters, Mrs. Cora O'Brien and son Cecil, Mrs. Alspaugh and daughter, Miss Lenora Alspaugh.

OLD SETTLERS REUNION WILL BE HELD SEPT. 11

The Annual Old Soldiers' and Settlers' Reunion, which was to have been held at the Poplar Ridge Church in Parke county, August 21, will be held Saturday, Sept. 11. The inclement weather caused the postponement of the reunion.

Attorney Matt J. Murphy of this city, and B. C. Craig of Brazil will address the crowd at the reunion. A fine program has been arranged for the afternoon entertainment. The Bellmore band will furnish the music for the occasion.

SUDDEN DEATH OF WILLIAM GORHAM

Stricken suddenly with heart disease, William Gorham, age 48 years, a Terre Haute, Indianapolis & Eastern Traction company conductor, died at his home in Indianapolis Tuesday night at 3 o'clock. Although no funeral arrangements have been definitely arranged, the body will be taken to Fillmore, his former home, and the home of his aged mother, for burial. Mr. Gorham leaves a widow and two children, a son and a daughter, to mourn his loss.

Mr. Gorham had been with the traction company for many years. Before the line was built through Greencastle, Mr. Gorham was employed on the line which ran from Plainfield to Indianapolis. Since the building of the T. H. I. & Eastern he had worked continuously as a conductor on that line.

During his service he acquired many friends with the traveling public and was one of the most popular conductors on the line. Mr. Gorham was through Greencastle Tuesday on his regular run. He went through on the westbound car at 3:51 Tuesday afternoon and on his return to Indianapolis was in charge of the 7:25 car.

The announcement of his sudden death came as a great shock to his many friends in both Greencastle and Fillmore. The latter town was his home for many years. Since taking up the interurban work he had made his home, for most of the time, in Indianapolis.

IMPROVE STREET BEFORE WINTER

THE CITY COUNCIL AT SPECIAL MEETING MONDAY EVENING PASSED CONFIRMATORY RESOLUTION ADOPTING THE PLANS AND SPECIFICATIONS FOR IMPROVEMENT OF COLLEGE AVENUE—TO RUSH THE WORK THROUGH IF POSSIBLE.

LET CONTRACT SEPT. 11

The city council at a special meeting in the council chamber in the fire department building Monday evening, adopted the confirmatory resolution adopting the plans and specifications for the improvement of College avenue from Jacob street south to Berry street with cement sidewalks, curbs and gutters. The improvement work will be done this fall, should the weather permit.

All the councilmen were present at the meeting, with the exception of Councilman Edward Huffman of the First Ward. Other city officials present were the city attorney, mayor, and city clerk. The meeting was held in order that the council could hear remonstrances against the improvement that might have been filed. No objections to the improvement were made, however, and the confirmatory resolution was immediately adopted. The residents on College avenue have been very anxious to have the street improved and are pleased with the action taken by the city "dads."

The contract for the work will be let by the council, which will meet in special session the evening of Saturday, September 11. If the weather permits the contractors, who get the contract for the work, will be urged to have the work complete before winter.

BELGIAN MARKSMEN IN AMBUSH ALONG THE NETHE

Fighting from ambush, though out of vogue to a large extent, still finds some application in modern warfare. The above picture of Belgians in ambush along the Nethe led the commanders-in-chief of the great war spectacle, "War in Indiana," to be presented at the Indianapolis motor speedway, Monday, September 6, to construct a series of such hidden defenses. As the psychological moment they will belch forth fire and destruction at the invader.

ARREST SEVEN ALLEGED "DIPS"

POLICE MAKE A "ROUND-UP" BUT FAIL TO PROCURE ANY EVIDENCE AGAINST THE MEN WHO WERE TAKEN IN CUSTODY TUESDAY AFTERNOON AFTER THEY HAD BEEN SUSPECTED OF PICKING POCKETS OF PEOPLE IN CROWDS ON PICNIC GROUNDS—ARE RELEASED AFTER INVESTIGATION.

MANY LOST POCKETBOOKS

Seven men suspected of picking the pockets of people attending the picnic in the Hazlett grove east of the city were arrested by local police authorities late Tuesday afternoon and lodged in jail while the office investigated their activities on the grounds and in crowds going to and from the picnic scene on interurban cars. Although a number of people lost pocket books and money, no substantial evidence could be procured against the men and they were released late Tuesday afternoon.

There is little doubt in the minds of the officers that the men were professional "dips," for they were together on the picnic grounds and were observed to work in pairs through the crowd. They worked also on the interurban cars which carried people to and from the picnic grounds. Claire Bittles, a local young man, claimed he saw two of the men attempt to "lift" a wallet from the pocket of John Deitrich, a farmer, who resides east of the city, but he was unwilling to swear an affidavit against the men. Others claimed to have seen the suspicious actions of the men in the crowd, but like Bittles were not willing to make an affidavit against the men.

"Uncle" John Magill, an aged resident of this city, lost a pocketbook, which he claims was lifted from his pocket. The pocketbook, however, contained only a few small coins. O. H. Smith, another aged resident of this city, lost \$1 from his pocket, but is not certain that he was the victim of the "dips." John Ferrand, a farmer south of town, lost a pocketbook and a small amount of money. Numerous others are reported to have been the victims of the pickpockets.

Sheriff Theodore Boes, Deputy Sheriff Howard Harris and Policeman Frank Riley were the officers, who arrested the seven men. One man ran when approached by the officers and succeeded in making his escape. He was with three of the men who were arrested. The men who were arrested were thoroughly searched but no evidence was procured by the officers. The authorities were inclined to believe that the man who escaped had the money and pocketbooks, which were lifted from the pockets of people in the crowds.

Dr. and Mrs. J. P. D. John have returned from a ten-days' visit with their son, Robert John, in New York City.

LESLIE VANDAMENT WEDS A FORMER GREENCASTLE GIRL

Word was received here Tuesday of the marriage of Leslie Vandament, the son of Mr. and Mrs. D. L. Vandament, of this city, and Miss LeOra Moore, of Bay City, Mich., a former resident of this city, which occurred in Bay City, Sunday. The wedding was a surprise to the many friends of Mr. Vandament and his bride, for the wedding was not announced until Tuesday.

Mr. and Mrs. Vandament will come here Friday or Saturday to make their home. Both young people are popular and well known in this community. Mr. Vandament has been the agent for the Indian motorcycle in this county for several years and has made many friends while in that business. He graduated from the Greencastle high school in 1910. His bride formerly resided here and made her home with Mr. and Mrs. A. P. Burnside on Taylor avenue. She attended school here and graduated from the high school in 1912. She is an accomplished young woman and her friends are pleased to know that she will return here to make her home.

CONDEMNED LAND IS APPRAISED

APPRAISERS APPOINTED BY JUDGE J. P. HUGHES OF PUTNAM CIRCUIT COURT, VISIT THE FARM OF FLETCHER HUNTER IN WARREN TOWNSHIP, WHICH LAND WILL BE CONDEMNED FOR STATE FARM PURPOSES—WILL REPORT IN A FEW DAYS.

GUESTS AT STATE FARM

Gilbert Sinclair of Marion township, Americus E. Jones of Greencastle township, and Charles Allen of Washington township, are the members of a board of appraisers recently appointed by Judge James P. Hughes of the Putnam Circuit Court to estimate the value of the Fletcher Hunter land in Warren township, which land will be condemned for State Farm purposes. The appraisers inspected the Hunter farm Tuesday and will make a report to the court within the next few days.

The Hunter land consists 16 acres of upland and is entirely surrounded by real estate owned by the State of Indiana and used for the State Penal institution. Mr. Hunter refused to sell the land to the trustees of the State Farm and asked an exorbitant price for the farm. Condemnation proceedings are now in course in the Putnam Circuit Court.

The three appraisers made the trip to the Hunter farm in an automobile that morning. They were the guests of Superintendent C. E. Talkington at the State Farm at dinner. They also made a trip over the State Farm, and were allowed to inspect all the buildings and visit all the interesting scenes on the farm.

COURT CONVENES HERE NEXT WEEK

NEXT MONDAY MORNING AT 9 O'CLOCK JUDGE HUGHES WILL SENTENCE FOURTEEN ESCAPED STATE FARM PRISONERS TO THE INDIANA STATE PRISON AT MICHIGAN CITY FOR TERM OF FROM 2 TO 5 YEARS—JURIES FOR SEPTEMBER TERM ARE DRAWN.

MANY CASES ON DOCKET

The first business to come before Judge James P. Hughes of the Putnam Circuit Court during the September term of court, will be the sentencing of fourteen escaped State Farm prisoners to the Indiana State Prison at Michigan City for terms of from 2 to 5 years. Court convenes Monday, September 6, and at 9 o'clock that morning the prisoners will be brought before him to receive sentence.

The men all escaped from the State Farm near Putnamville, after they had been sent there to serve sentences for misdemeanors, but were captured by the authorities. They are now in jail here awaiting prison terms. Two alleged horse thieves are also in jail and their cases will be brought to trial during the September term of court. Their cases have interested many people of north-west Putnam county, where the alleged theft occurred.

Many cases are on the court docket at this time and the September term of court will be a busy one. There are no cases of any great importance to come to trial this fall. Many civil suits are on the docket and much of the time of the September term will be utilized in disposing of the cases.

Following are the jurors, who will serve during the September term of court:

Grand Jury.

Peter McNary.....Marion Tp.
Osborn Hutchins.....Floyd Tp.
George Owens.....Floyd Tp.
William J. Martin.....Cloverdale Tp.
Wallace Morris.....Madison Tp.
George B. Boyle.....Greencastle Tp.

Petit Jury.

Hershall Michaels.....Cloverdale Tp.
A. A. Hill.....Jefferson Tp.
Allen Eggers.....Jackson Tp.
William J. Herbert.....Jefferson Tp.
James Smith.....Floyd Tp.
Charles L. Coshow.....Franklin Tp.
Guy C. O'Hair.....Monroe Tp.
Ross Akers.....Madison Tp.
Omer Stoner.....Greencastle Tp.
George Cummings.....Cloverdale Tp.
Fred W. Vaughan.....Marion Tp.
Wilson Blue.....Jefferson Tp.

SHIPS FINE BUNCH CATTLE TO CHICAGO

Alec Lockridge, one of Putnam county's most prominent cattle feeders, Tuesday, shipped to the Chicago market 146 head of fine three-year-old butcher cattle. The bunch is an exceptionally fine one. They have been fed for about nine months and weigh about 1,500.

MAY COMMUTE SENTENCE OF ROY M'CORCLE

NEGRO SENTENCED TO STATE PRISON FROM GREENCASTLE FOR KILLING TWO ITALIANS, EIGHT YEARS AGO, MAY BE ELIGIBLE FOR PAROLE—GOVERNOR INTERESTED IN THE CASE.

BEFORE THE PARDON BOARD

As the result of a conference between Governor Samuel M. Ralston, who was in this city Tuesday, Judge James P. Hughes, Sheriff Theodore Boes and Charles J. Arnold, the sentence of Roy McCorcle, colored, who was convicted in the Putnam Circuit Court, 8 years ago for murder, may be commuted from life imprisonment to manslaughter, which carries a penalty of imprisonment in the State Prison for a term of from 2 to 21 years. In case the sentence is commuted McCorcle will be eligible to parole at once.

McCorcle, it will be remembered, was convicted of killing two Italians during the time the Big Four improvement work was going on here. In a drunken fight between a camp of Italians and a camp of negroes, in which some women figured, two Italians were killed. There were only five negroes in the negro camp, while there were fifteen or twenty Italians in the Italian camp.

There was general shooting in the fight and as the Italians all swore that McCorcle had killed the two Italians he was arrested and convicted. He had no friends here to assist or advise him in the case. At the time of the trial it was agreed that he should be given a manslaughter sentence in case he would plead guilty but he feared to plead guilty and was sentenced for life.

Court officials, including Judge Rawley, the judge of the Putnam Circuit Court; Judge James P. Hughes, then prosecuting attorney, and Sheriff Theodore Boes, then deputy sheriff, believed that the penalty was too severe.

The negro had had a good reputation previous to the day of the fatal shooting. Since his imprisonment in the State Prison, McCorcle has had a perfect record. He now is a trusty being employed in the home of Warden Fogarty. Two years ago Sheriff Boes, Mr. Arnold and Judge Hughes interested themselves in securing the release of McCorcle. Warden Fogarty was advised regarding the circumstances and he states that the prison record of the man is perfect.

Governor Ralston, when told of the case, stated that, upon receiving a petition signed by Judge Hughes and Judge Rawley, he would recommend to the prison board that the sentence of McCorcle be commuted from life imprisonment to from 2 to 21 years.

Judge Hughes will at once prepare the petition and it will be forwarded to the Governor. It is probable that the McCorcle case will come up at the next meeting of the Board of Pardons.

THE TOWN LOT SALE AT FILLMORE IS A SUCCESS

The sale of town lots, which was held in Fillmore by the Gerhart Brothers Town Lot Company, Monday, was a great success. It was estimated that at least one thousand people were present. Of the twenty-five lots that were offered for sale, twenty were sold, the prices ranging from \$25 to \$108 each. The land which was sold is known as the Sellers' addition and is located in the east central part of Fillmore.

Fillmore is growing rapidly and is now one of the prettiest small towns in the state. The Greencastle band furnished the music at the sale.

Miss Florence King and Miss Hetty King, the daughters of W. J. King, who resides several miles north of this city, left Monday for Lemon City, Fla., where they will teach school next winter.

HANNA'S

RUARK WILL NOT ACCEPT POSITION

EAST WASHINGTON STREET RESIDENT, WHO WAS RECENTLY ELECTED A MEMBER OF CITY SCHOOL BOARD TO FILL UNEXPIRED TERM OF H. C. ALLEN, WHOSE RESIGNATION WAS ACCEPTED SEVERAL WEEKS AGO, EXPECTS TO MOVE TO HIS FARM THIS WINTER AND DECLINES POSITION.

TO FILL VACANCY SOON

Ivan F. Ruark, who was recently elected a member of the city school board to fill the vacancy caused by the resignation of Hiram C. Allen, secretary of the board, has declined to accept the position. Mr. Ruark expects to move to his farm west of the city this winter and refused to accept the position on that account.

Although no definite arrangements have been made by Mr. Ruark to leave the city, he expects to move to his farm as soon as there are certain developments in his farming business. He probably will move this fall or winter. He now resides on east Washington street.

In speaking of his refusal to accept the position, Mr. Ruark remarked, "Rather than accept the position and be forced to resign later, I have decided that my action in declining the position is the best course to take. I am not positive at this time, that I will move to the farm, but I will go there this fall or winter, unless unexpected business developments arise."

The members of the city council probably will meet in special session during the next week or ten days, to elect Mr. Allen's successor. The latter resigned several weeks ago, his resignation taking effect the evening of August 10. The school board member, which is to be elected by the council, will take up Mr. Allen's duties as secretary of the board and will fill Mr. Allen's unexpired term, which ends August 1, 1916.

The annual reunion of the Browning family was held several miles west of the city on Thursday. The reunion, which is one of the biggest gatherings of its kind in Putnam county, was well attended. A number of Greencastle people attended the reunion.

HUMPHREYS'

Free Medical Book—in celebration of sixty years we have published a revised edition of Dr. Humphreys' Manual of all diseases, giving in minute detail the care and treatment of the sick with Humphreys' Remedies.

FIND NO DEAD ONES ON THE PAY-ROLL IN GREENCASTLE

For the first time in two years a Monon pay car visited the city last week. The local employees were greatly surprised when the car was placed on the siding near the depot. It was thought that the checks would not arrive until Wednesday. Each employee had to go into the car and receive his check from E. B. Cassell, treasurer of the Monon road. Several of the clerks from the Chicago general offices, accompanied the car on its trip. The pay car, No. 90, a private car, left here for the south after the local employees had been paid. Russell Hudlow was the conductor and Fred Hodges the engineer. Thomas Kesterson was the brakeman and Walter Bonnet was the fireman. W. H. Fogg, superintendent; Bert Martin, traveling engineer; A. H. Schofield, special agent, and Bert Rohrabough, roadmaster, also made the trip on the pay car. The pay car is sent over the road every few years to ascertain if there are any "dead" men on the pay roll. A few years ago after a trip of the pay car it was found that some names on the pay roll were fictitious. Formerly the pay car made a trip each month and all employees were paid at the car. During recent years, however, pay checks have been mailed from the treasurer's office to all employees.

TWO \$10,000 DAMAGE SUITS ARE DOCKETED

EMPLOYEES OF ROOT GLASS COMPANY, WHO WERE INJURED IN ACCIDENT AT THE SAND PLANT AT FERN, THE LATTER PART OF JULY, ASK BIG DAMAGE—WERE REPAIRING SUCTION PUMP.

EACH WAS BADLY SCALDED

Two damage suits in which damages aggregating \$20,000 are asked of the Root Glass Co., a Terre Haute concern, was filed Thursday in Putnam Circuit Court, by Hays & Murphy, who represent Sam Riley and Otho Ruark, two men who were injured in an accident while working for the company.

The complaints in the two suits are almost identical, in that each man was injured in the same manner. The men, in their complaint, allege that while working in the sand plant of the Root Glass Co., at Fern, a few weeks ago, they were ordered to assist in the repair of a suction pump. While they were at work on the pump, another employee turned on a valve which allowed scalding hot water to be thrown over their heads, necks and bodies.

Each was severely burned and suffered great physical and mental shocks as the result of their injuries. Each alleges that the accident resulted in their sense of hearing being destroyed.

J. P. Allen and granddaughter, Cornelia, who have been spending the past week with the Rev. and Mrs. Kirk Waldo Robbins at their cottage at Webster Lake, arrived here Saturday. The Rev. Robbins, who formerly was pastor of the College avenue church here, now is pastor of the Methodist church in Lebo.

FIRST BUSINESS TRANSACTION; GAVE A NOTE FOR FIVE CENTS.

Uncle John McGill, an aged resident of this city, tells of an interesting business transaction with the late James B. Durham of Russellville, one of the best known residents of the county. The deal was made in 1842, when the two were but 8 or 9 years old.

Uncle John was the proud possessor of two big rosy cheeked apples. Boy-like he displayed the apples to his young friends and remarked that they were fine "eaters." Of course Durham wanted the apples. He offered to buy, but he had no money. But he agreed to execute a promissory note to McGill, the principal of which was 5 cents, the amount to be paid for the apples. No interest was charged on the note. Neither youngster exactly knew what a note really was, but they had some idea of the purpose of the document. After the note had been held several days, young McGill pressed his debtor and after several unsuccessful attempts, he succeeded in collecting the money. The five cents, according to Uncle John, was the first money he had ever had, that he could really call his own. A short time ago, and Mr. McGill were close friends. They were raised in the same locality, had had as many Mr. Durham, whose death occurred boyish "scraps" as the average youngster, but at the same time were fast friends and remained so until the time of Mr. Durham's death. Uncle John is now 81 years old and in excellent health.

"APPLE KING" VISITS LOCAL PACKING HOUSE

E. A. Schuitze, of Laurel, Ind., known as the "apple king" of the southeastern Indiana, was in the city several days last week visiting the packing house of the Greencastle Orchard Company, and inspecting the apple orchards of this community.

Mr. Schuitze is manager of the Smith Orchard company of Laurel, which concern is planning to build a packing house. He came here for the purpose of getting information regarding the construction of the building and the arrangement of the fixtures of the packing house. He was accompanied by Joseph Oskamp of Lafayette, who is also interested in the apple industry. Mr. Schuitze visited several orchards near this city and expressed an opinion that the trees and fruit were as good as he had seen this year.

COMPANY E HOLDS ITS ANNUAL REUNION TODAY.

Company E of the First Indiana Regiment of Heavy Artillery held its annual reunion Thursday on the west college campus of the DePauw university grounds.

Only eleven members of the company were present, but visitors from other Indiana regiments increased the number to thirty. The time was spent in renewing acquaintances and discussing war incidents. Most of the members of the company are at an advanced age. They were in service under union colors from the very beginning of the Civil War. Those present were: James Winsted of Greencastle, A. D. Hutcheson of Greencastle, Elias Kemper of Carbon, J. L. Hillis of Greencastle, Lycurgus Stoner of Greencastle, James Brann of Putnamville, Samuel Hartley of Greencastle, Samuel Hice of Indianapolis, Moses Boone of Greencastle, Payne Stoner of Greencastle and J. H. Keller of Greencastle.

The widows of the deceased who were present were: Mrs. George Hunter of Greencastle, Mrs. Vansickle of Indianapolis, Mrs. J. W. Landes of Greencastle, and Mrs. Marion Glidewell of Greencastle. Dinner was served at the Crawford restaurant.

In the afternoon the following officers were elected for the ensuing year: Samuel L. Hartley, president; James Winsted, vice president; J. H. Keller, secretary and treasurer; J. L. Hillis, assistant secretary.

A Hen With a Batting Average of 560

In the poultry raising department of the current issue of Farm and Fireside appears the following account of a hen that has been a good layer:

"A fifty per cent egg yield throughout the year—182 eggs—is good laying, but a fifty-six per cent lay for four years is high-gear egg production."

"A White Leghorn, A-27, bred by Prof. James Dryden of the Poultry Department, Oregon College of Agriculture, made the following excellent four-year record:

Pullet year 240 eggs
Second year 222 eggs
Third year 202 eggs
Fourth year 155 eggs
"This hen is still in good condition and laying well in her fifth year."

TO TEACH METHOD OF HANDLING EGGS

UNITED STATES DEPARTMENT OF AGRICULTURE TRAVELING REFRIGERATING CAR SPECIALISTS, WHO WILL BE HERE SEPT. 7, WILL TEST, GRADE AND PACK LOCAL EGGS FOR LONG SHIPMENT.

CAR HERE FOR ONE DAY

Uncle Sam's special Egg and Poultry Refrigerating and Demonstration Car will leave Coatesville on September 6 and is due to arrive in Greencastle on September 7 about eight o'clock. The egg shippers and producers along the road already visited by the Department of Agriculture Poultry Shipping Car have expressed themselves as highly pleased with the demonstrations given in their towns. At each stop, under the direction of H. A. McAleer, the specialists with the car have tested, graded, chilled and packed without charge local eggs for the local shippers.

When the car reaches Greencastle, it will be located on the side track most convenient to the town. The demonstrations will begin at 8:30 o'clock and continue until 4:30. The car will spend one day in this place.

The department specialists on this summer tour will give special attention to eggs and their proper preparation for shipment. They will also give demonstrations to those especially interested in the most approved methods of dressing, chilling and packing chickens and turkeys for shipment to the New York and other distant markets. The purpose is to increase local profits from poultry and eggs, prevent waste, and preserve quality.

Thousands of eggs will be candled according to the commercial standards and "fresh" eggs, "floaters," "blood-rings," "white rots," "black rots," and other grades will be exhibited. The demonstration in detecting "white rots" is said to be very important as many candlers confuse "white rots" with "fresh eggs." The eggs shall then be sorted by market standards of size, cleanliness of shell and condition of shell. These gradings will show exactly the standards now set by commission men in distant markets.

The eggs will then be put into the refrigerating rooms of the car which will chill them to 40 degrees Fahrenheit in 24 hours. Eggs chilled in this way before being put into the ordinary refrigerator car do not deteriorate rapidly. Eggs packed warm in a refrigerator car do not get chilled properly for about five days during which time they undergo constant deterioration.

All interested are cordially invited to attend. The car in itself is well worth seeing as it contains the principles of a thoroughly modern poultry and egg refrigerating plant operated by its own gasoline engine. It also provides its own electric lights so that the refrigerating rooms can be well lighted and night demonstrations can be held. This same car spent last season in Texas. In previous seasons the car was in Missouri and Kentucky and shippers who followed its methods were able to ship turkeys for the Thanksgiving and Christmas trade in New York in such a way that they reached the Eastern markets in prime condition in spite of abnormally warm weather.

DEATH CLAIMS B. F. SMITH, AN AGED MAN OF THIS CITY

The death of B. F. Smith, an aged resident of this city, occurred at his home on Berry street Thursday afternoon at 5 o'clock. Apoplexy was the cause of his death.

Mr. Smith was a native of Parke county, but came here when he was but a young man and has spent practically his entire life in Greencastle. He taught penmanship in a business school for many years, having been very efficient in that art. For the past several years, Mr. Smith filled demands for cards and written notices in this city. His business brought him in contact with many people and he had many acquaintances in this community. He was 76 years old. Two sons, Clarence Smith, of this city, and Charles Smith, of Peru, Ind., and one daughter, Miss Flora Smith, of Greencastle, survive him.

The funeral services were held Saturday afternoon at 2 o'clock at the Locust street church, conducted by the Rev. Bert DeWitt Beck.

HOW ABOUT THIS JACK: REALLY NOW, IS IT TRUE?

Some Fisherman, the Hon. John G. Bryson of Brazil, more familiarly known in Greencastle as just "Jack." At least Jack would have his friends believe that he is some fisherman. This morning The Herald received from Mr. Bryson, who is spending his summer vacation at Leland, Michigan, a post-card photograph, showing the genial manager of the Putnam Electric Co., holding up a string of nine marmouth black bass. The picture has the appearance of being a "real picture." But there is a smile on Jack's countenance which betrays just a little—let's call it mirth. The picture would give the impression that Jack himself had caught the fish. But in his comments written along the side of the picture he only says "real fish." His friends, who have seen the picture, agree that there is some—yea much—doubt that he himself caught the fish. About the only way he could convince them would be to send to his friends some samples of the black bass accompanied by affidavits sworn to before a notary, stating that he himself had landed them.

HOW ONE FARMER GOT HIS BUTTER CUSTOMERS

According to the current issue of Farm and Fireside, the national farm paper published at Springfield, Ohio, a butter producer in Mount Jackson, Virginia, allowed his name to be quoted on the Washington, D. C., Food Products Bulletin which the postoffice authorities of that city issue, and within a few days had received three inquiries from housewives for prices. Following is a brief extract from the account of how he handles his business:

"Immediately he replied to the inquiries, quoting a price of 27 cents the pound for butter—the customer to pay the postage. This in spite of the fact that he knew several of the fancy groceries of the national capital were asking 38 cents a pound. He received a few trial orders, packed the butter neatly, and shipped it promptly back. A worthwhile trade grew up. He received orders for 50 pounds in a single week, and of course followed his customers up with offers of other kinds of fresh produce. A prominent Southern hotel added its patronage to the Washington housewives—and the producer found to his surprise one week that he had so many orders that he would have to buy cream from his neighbors to satisfy the demand.

"At this point he might have fallen down if he had not taken thought. But he did. He examined every quart of bought cream with a careful scrutiny, and turned back a good deal that was not up to the mark.

"Of the hundreds of pounds of butter that I sold," he wrote the postmaster at Washington, "I have never had a dissatisfied customer. I kept the bars of high quality up."

FAKE OCULIST GETS OFF EASY

FRIENDS OF MAN WHO REPRESENTED HIMSELF TO BE A NEPHEW OF DR. GEORGE W. BENGE, INTERCEDE FOR HIM AND AGREE TO PAY DAMAGES—THREE ORPHAN CHILDREN DEPENDING ON HIS SUPPORT.

FIRST TIME IN TROUBLE

Prosecuting Attorney John W. Baumunk nollified the case of the state vs. Arthur Rosenwank, imposter, who represented himself as an oculist and a son-in-law of Dr. Benge of Greencastle, Tuesday night.

The friends of Rose or Rosenwank came to his rescue. It seems that the man has had an unfortunate life and is the victim of circumstances. His wife ran away from him with another man, leaving the three small children for him to support and care for. Rose has been doing this as well as he can. While he is not an oculist, he is a skilled optician. He said that he represented himself as a son-in-law of Dr. Benge because it might give him some prestige in the community and help him to win confidence of the people. No other case, than that of Mrs. Jackson, of south Leavitt street, where he guaranteed to cure her cataract, has been found. His friends agreed to pay the court costs and Mrs. Jackson damages for what she suffered.—Brazil Times.

INSTITUTE COMES TO A CLOSE HERE

LAST DAY OF THE ANNUAL MEETING OF THE PUTNAM COUNTY TEACHERS' ASSOCIATION AFFORDS ONE OF THE BEST PROGRAMS OF WEEKS ENTERTAINMENT—COUNTY SUPERINTENDENT PLEASED WITH RESULTS OF INSTITUTE.

SHEAR IS FINE INSTRUCTOR

The annual Putnam County Teachers' Institute which came to a close Friday afternoon, was a success from all standpoints. The attendance this year for the five days meetings has been unusually good and the class of entertainment has been out of the ordinary. County Superintendent L. G. Wright stated Friday that he was well pleased with the results of the institute.

In speaking of the institute Mr. Wright said, "I am positive we have offered a very entertaining and decidedly instructive program this year, and the Putnam county teachers who attended the institute should be greatly benefited."

Prof. A. R. Shear's lectures have been features of the institute. He is the superintendent of the Poughkeepsie, N. Y., city schools and is an experienced educator. Prof. Shear has had 25 years of experience in school work and is in a position to advise teachers as to the proper courses of public instruction. His lectures have been very instructive and at the same time very entertaining. Prof. Shear is a fluent talker and illustrates his theme with very appropriate stories of every day happenings in the school room.

Prof. N. W. Barnes and Prof. W. M. Blanchard, two members of the DePauw University faculty have given valuable information to the Putnam county teachers in regard to English work and chemistry. The former gave a series of lectures the earlier part of the week on English Composition and Prof. Blanchard ended a series of addresses on Chemistry today.

"The Real Purposes of English" was the subject of Prof. A. R. Shear's lecture Friday morning. The speaker said that in order for the teacher to instruct a class he must train the students to think, speak, read and write in the order named. To master the power of thought, Prof. Shear stated, the fundamental principles of grammar must be employed. He explained the idea, thought, sentence, paragraph, chapter and the book or thesis.

In order to speak English properly Prof. Shear declared that much attention must be given to the practice of pronunciation and enunciation. He advocated the use of the dictionary in all English work. He also suggested means of instruction in reading and in writing. The teacher should train the pupils to write by means of dictation, according to Prof. Shear.

BROWNING FAMILY HOLDS ANNUAL REUNION THURSDAY

The eighteenth annual reunion of the Browning family was held in the Sinclair grove four miles east of Greencastle Thursday.

A large number of the family assembled at the beautiful grove Thursday morning and a great crowd was present when the bountiful dinner was served on tables spread under the shade trees. In the afternoon a short program was given, which included speeches by the children, and a very impressive talk by Rev. Brown. The remainder of the afternoon was spent in a social way.

The election of the officers for the ensuing year was as follows: Robert L. Browning, president; James L. Browning, vice president; Helen Browning, secretary.

Those present from a distance were: Mrs. E. Sapps and children of Kansas City, Mo.; Mr. and Mrs. Frank Perigo of Otterbein, Ind.; Mr. and Mrs. Tuther Perigo, of Otterbein, Ind.; Mrs. Susan Bailey, of Brazil; Mrs. Caroline Pierson, of Indianapolis; Mrs. Amanda Polly of Indianapolis; Mr. and Mrs. Lee Priest of Lafayette.

Deputy Sheriff Howard Harris went to Indianapolis Monday to take Bert Smith, a young farmer, who resides near Manhattan, to the Hospital for the Insane. Application for his admittance to the hospital was made several days ago.

Second Annual Sale.
PURE BRED BIG TYPE POLANDS.

I will offer for sale at public auction at my farm, 5 miles northeast of Cloverdale and 3 miles west of Belle Union, 100 head pure-bred, big type Poland, on

Thursday, September 16th, 1915.
Sale to Begin at 10:30 A. M.

All the following hogs were sired by Bright Prospect, whose sire was Mastodon Wonder XII, No. 78431; Dam Lady Mastodon IX, No. 306322A, and bred by John Stevens, Andrews, Ind.

30 Head of Fall Yearling Gilts—Weights running from 250 to 300 lbs.
40 Head Spring Gilts—Weights from 135 to 175 pounds.
30 Head Spring Males—Including three yearlings, all ready for service, weighing 125 to 175 lbs.

Terms of Sale—Twelve months' time will be given at 6 per cent. interest from date to be secured with freehold security. Eight per cent. if not paid at maturity. No stock to be removed until settled for. All settlements must be made on day of sale. No interest will be charged if settled before January 1, 1916.

HERBERT S. ALLEE.
Sherrill, Brown & Dobbs, Auctioneers.
Gilbert Dorsett, Clerk.

Ladies' Aid of Providence church will serve dinner.

HOW TWO LITTLE PIGS
MILKED THE COWS

The following is taken from the current issue of Farm and Fireside: "Our cows had been falling off in their milk supply for several days, and we could not account for it until two little rascally pigs were caught in the act of milking them. When the cows were driven past their pen after that the pigs would stand upon their hind legs and squeal for them to stop. Some pictures were taken of the 'milkers' without abashing them in the least, and after they had been photographed they had to be driven away from the cows with sticks."

Poultrymen Attention.

Arrangements have been completed for a special meeting of the Indiana State Poultry Association at the State Fair at Indianapolis. The meeting will be held on Wednesday, Sept. 8th, at 10:30 a. m. A big tent, located near the main poultry building, will be provided for the occasion.

During the past month many new members and local poultry associations have joined the state organization. It is expected that a large number of these members will plan to visit the fair on Wednesday, and be present at the poultry meeting. Important plans for the coming season's work are to be presented, including further plans for cooperation with the local poultry shows.

This meeting is for the farmer and commercial poultryman as well as for the fancier, and is open to all, whether a member or not. If you are interested in chickens, you are invited to this meeting. Come and help plan ways and means of bettering Indiana poultry and poultry markets.

Booze Gets Another Jolt.

Over each gateway of the Illinois Steel company's plant can be found a glittering electric sign reading as follows to the vast number of employees on the night shift:

Did booze ever get you a better job?

Did booze ever contribute anything to the happiness of your family?

The company also sent milk vendors through the plant as first aid to thirsty men in the effort to take John Barleycorn off the payroll and thus promote the efficiency of the workers and minimize accidents.

Tested by baking!
We don't stop with the best wheat and the best processes of milling to insure the quality of Valier's Enterprise Flour. We test it by actual baking, so that we know it will make the finest and lightest biscuit, cake, and pastry, when you use it.

Valier's Enterprise Flour

Valier's Enterprise Flour sometimes costs a little more by the sack, yet because it goes so much further in baking, it really costs less; and then bread made from Valier's Enterprise Flour is always whiter, lighter, tastier and more nutritious and stays sweet and moist longer. Get acquainted with this superior flour today—your grocer will supply you.

FOOTBALL COACH
HERE SEPT. 9TH.

RALPH YOUNG, THE ATHLETE
WHO WILL DIRECT DEPAUW
TEAM THIS YEAR, EXPECTS TO
BEGIN TRAINING EARLY—
LOSE SEVERAL OLD MEN.

Ralph Young, coach of the DePauw University football eleven for the coming season is expected to arrive in Greencastle on Thursday, September 9. The following day he will lead the veterans of Methodist squad of last year through the initial practice of the season.

Heber Ellis, graduate manager of DePauw athletics, has sent notices to all old gridiron men, calling on them to report for the first workout on the tenth and it is expected that at least a dozen men will respond. Class work in college does not open until almost a week later but it is hoped to have the squad running signals and doing light scrimmage work by the time the remainder of the student body arrives. A squad of fifty is expected by that time.

Judging from present reports the members of the 1914 eleven may not be so well represented on this year's squad as was hoped. Three men—Captain Thomas, Harvey, and Cochran—have been lost, and Weir Cook and Sefton and Captain-elect Rowan may not return to school. To fill any of these or other vacancies in the line-up will be several members of the second eleven and a number of freshmen who have seen service on high school gridirons.

The Common Washrag.

The U. S. Public Health Service and the various state and local boards of health have taken adequate measures for the abolition of that distributor of disease germs, the common towel. Now comes the news that the common washrag is even a greater menace to health. The hotels and public hostleries have recognized this for some time, and have supplied their guests with sterilized wash cloths in individual sealed packets. The damp "sour" smelling washrag still exists however, in many private bath rooms. Imperfectly washed out after use, frequently not wrung out at all, it is often hung over a rack or a radiator near an open window, there to collect dust and dirt. Frequently the same washrag is used by the entire family thus affording an easy means of transference of mouth secretions from person to person. In many households each individual has his own wash cloth and his individual towel, but these hang so close to one another that there is ready interchange of bacteria. Each individual should have his own wash cloth. It should be thoroughly washed out with clean hot water after use. It should be then wrung as nearly dry as possible and if possible hung in the sun to dry. It should not come in contact with other wash cloths. In the investigations the U. S. Public Health Service is conducting in regard to the prevalence of trachoma it has been found that common towels probably acted as a medium of distribution of the germ of disease.

Card of Thanks.

We wish to thank our neighbors, friends and the employees of the New York Central Lines for the many beautiful floral offerings and for the kindnesses shown us during the sickness and death of our wife and mother.

G. W. Coverdill.
George Murphy and Family.

WISCONSIN IS HIT
BY KILLING FROST.

MILWAUKEE, Aug. 29.—Killing frosts were reported today from several sections of Wisconsin. Heavy damage, the reports stated, were inflicted on tender vegetables and some corn was killed near Plainfield. From near Fond du Lac, Wis., it was reported that ice had formed on small ponds. The cold is confined to the north and central portions of the state.

PLANTING NARCISSUS AND
TULIP BULBS FOR SPRING.

WASHINGTON, Aug. 28.—If you would have rich beds of tulip or give the beds or the corners of your lawns a beautiful spring-like yellow or white glow of narcissus, daffodil and jonquil, you must begin to think of the early spring appearance of your garden in the fall, for the bulbs of these two flowers must be planted in the fall before the ground is frozen. In fact, this work should be undertaken as soon as or before an early frost has begun to make the annual flowers in the beds look weakened. In dealing with narcissus, which is the family to which the daffodil and jonquil belong, it might be well to think of trying to naturalize the narcissus to grow and blossom on the lawn much as do the wild flowers. How to plant and handle the bulbs as well as the best method of getting them to become spring residents of grassy corners, and described in the following directions issued by the bulb specialists of the United States Department of Agriculture.

These bulbs should be planted in light, rich soil that has been dug to a depth of at least 10 inches. The tulip bulbs should be set 5 inches apart and 4 inches deep and the narcissus bulbs about 10 inches apart and 5 inches deep.

If they are to be grown in pots or window boxes, light, rich soil should be used. Place 1 to 2 inches of cinders or broken pots in the bottoms of the pots or boxes to insure good drainage. After planting, place the pots or boxes out of doors and cover them with about 4 inches of ashes or sand; or they may be placed in a dark, cool room or cellar for a few weeks until the bulbs have formed a quantity of roots. They may then be brought into the light and heat for flowering. Keep the soil well moistened from time of planting, but avoid overmoistening, for if kept too wet the bulbs will decay.

Cultivation.

If planted in beds, the surface of the soil should be loosened after each rain and the bed kept free from weeds. In the late fall or early winter months it is well to cover the beds with a light mulch of straw or leaves to prevent injury to the young roots from the alternate freezing and thawing of the soil. This mulch should be gradually removed in spring, as soon as growth appears above ground. The bulbs are quite hardy and are not injured by severe cold if the soil is well drained.

Lifting and Dividing.

Tulip and narcissus plants are perennial, and if given proper care and grown under suitable soil and climatic conditions will increase and multiply from year to year. The bulbs may remain in the ground two or three years, or until the clumps begin to crowd. After blossoming in the spring, from six to eight weeks should elapse to allow the foliage to die partially down, when the bulbs may be lifted with a spade or fork. Shake the soil from the roots and store the bulbs in a cool, shady place where they will ripen and cure. When the old leaves and roots are thoroughly dry they may be easily rubbed off and the clusters of bulbs divided. The bulbs may then be planted in the same manner as the original bulbs. In this way the stock may be increased in a few years.

Naturalizing the Narcissus.

The narcissus often becomes naturalized when planted in the sod or partial shade, where it will continue to grow, blossom and multiply for many years without further attention. Simply make a small hole in the soil 3 or 6 inches deep, insert the bulb pointed end up, press the soil over the top, and nature will do the rest. For naturalizing, avoid planting in rows or rigid geometrical figures. A good plan is to scatter the bulbs like seed and plant where they fall. This method of planting is extensively followed in the home grounds and parks of England and other countries in Europe. In portions of North Carolina, on large estates along the James River in Virginia, and in old gardens in New England, narcissuses that were planted over half a century ago are still growing vigorously and every spring produce beautiful displays of blossoms.

CHILD DROWNED;
FALLS IN CISTERN

THREE-YEAR-OLD SON OF MR. AND MRS. RICHARD SMITH, WHO LIVE AT HADLEY, MEETS WITH FATAL ACCIDENT, WHILE VISITING NEAR BAINBRIDGE SUNDAY.

SAD ENDING TO SEARCH

The three-year-old son of Mr. and Mrs. Richard Smith, who live at Hadley, Ind., a small town in Hendricks county, fell into a cistern and was drowned, at the home of his uncle and aunt, Mr. and Mrs. Harlan Brown, who reside on the Ed Lane farm, just west of Bainbridge, late Sunday afternoon.

A day which had been set aside for pleasure by Mr. and Mrs. Smith, their little son and its grandmother, ended disastrously when the body of the child was found at the bottom of a cistern in nine feet of water by Earl Etcheson, son of Mr. and Mrs. D. V. Etcheson, a neighbor to Mr. and Mrs. Brown.

Mr. and Mrs. Smith, their little son and its grandmother, had gone to the Brown home to spend Sunday. The little lad was playing around the house and in the yard. Presently the mother missed her child and although the yard and house was searched he could not be found.

Driven frantic by being unable to find the child the neighbors were called in to assist in the search. It was the Etcheson boy who finally discovered that a board had been removed from a covering over an old cistern. Fearing that the child might have fallen in, wires were secured and finally the little body was brought to the surface.

Dr. Conn of Bainbridge was called but his services were of no avail. The body of the child was taken to Hadley Sunday evening where the funeral was held Monday.

PARSON HICKS IS
REAL PESSIMIST

Says That Storms Will Sweep the Country During the September and an Early Fall is Probable.

According to Parson Hicks, September will be a month of storms, the first regular storm period being central on the second, beginning the last two days of August and continuing to September 5. Vast inland storms are scheduled to sweep from western and northwestern regions eastward and southward, extending in their fury over the northern lakes, eastward to the Atlantic ocean, autumnal thunder, rain and hail are among the things possible and probable, especially in southern regions. The first reactionary storm period falls on the 7th and probable disturbances are looked for. There will be danger of killing frosts, following within forty-eight hours of electrical disturbances.

The second regular storm period is on the 14th, extending to the 17th. Warm rains will visit the northern sections, bringing clear weather and a change to much colder, autumnal weather. Frosts will follow on about the 18th and will be natural in the northern sections.

The third reactionary period is due the 20th. The moon will be on the celestial equator and high temperature with vicious electrical and atmospheric storms can be looked for.

The third regular storm period begins the 25th and continues to the 28th. Disturbing conditions will pass from west to east, attended by cloudiness, rain and wind. High gales may be looked for on the Great Lakes. An early fall may be looked for.

THE DEATH OF MRS. CASH
OCCURS SUNDAY EVENING.

The death of Mrs. Virgil Cash, 26 years old, a prominent young woman of southeast Putnam county, occurred at her home near Belle Union Sunday evening at 10 o'clock. Mrs. Cash underwent an operation for appendicitis Saturday morning, but failed to recuperate from the effects of her illness. The funeral was held at the Stilesville Baptist church Tuesday morning at 11 o'clock. The services were in charge of the Rev. Reuben Masten. Burial was in the Stilesville cemetery. Mrs. Cash had been ill only a few days. She was one of the most respected residents of the community in which she made her home and her death occasions much regret.

5 Women
Avail
Operations

For years we have been stating in the newspapers of the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing?

1. HODGDON, ME.—"I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached and I was so nervous I could not sleep, and I thought I never would be any better until I submitted to an operation, but I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."—Mrs. HAYWARD SOWERS, Hodgdon, Me.
2. SHELBYVILLE, KY.—"I suffered from a severe female trouble. My right side hurt me badly—it was finally decided that I must be operated upon. When my husband learned this he got a bottle of Lydia E. Pinkham's Vegetable Compound for me, and after taking it a few days I got better and continued to improve until I am now well."—Mrs. MOLLIE SMITH, R.F.D., Shelbyville, Ky.
3. HANOVER, PA.—"The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—Mrs. ADA WILT, 303 Walnut St., Hanover, Pa.
4. DECATUR, ILL.—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—Mrs. LAURA A. GRISWOLD, 2437 East William Street, Decatur, Ill.
5. CLEVELAND, OHIO.—"I was very irregular and for several years my side pained me so that I expected to have to undergo an operation. Doctors said they knew of nothing that would help me. I took Lydia E. Pinkham's Vegetable Compound and I became regular and free from pain. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. GRIFFITH, 1568 Constant St., Cleveland, O.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

MARKETING OUR PEACHES.
SUSPEND SENTENCES
ON ACCOUNT OF THE
FAMILIES OF "DRUNKS"

A Government Study of the Supply and Distribution in 1914.

WASHINGTON, Aug. 30.—The peach crop of the country will amount this year, it is estimated, to more than fifty-eight million bushels. With the application of more scientific methods the crop has increased greatly in recent years and the peach grower is now confronted with problems of marketing rather than of production. Owing to their perishable nature peaches are unusually difficult to dispose of without loss, and good distribution is essential to prevent the glutting of some markets while scarcity and high prices prevail elsewhere.

In order to facilitate proper distribution the United States Department of Agriculture has just published the results of a study of the movement of the peach crop in 1914. Georgia, it is found, ships practically double the amount of any other state, 4,803 carloads coming from there in 1914. California, Washington, Ohio, Michigan and Colorado follow with shipments of between two and three thousand cars. The other states bring the total to thirty thousand carloads.

In handling this vast crop there is no uniformity in packing or grading. A change in this respect would, it is said, result in a higher level of prices, for high-grade fruit can almost always be disposed of. Another recommendation is that dealers in the smaller towns cooperate in buying peaches by the carload and in pushing their sale.

The publication already mentioned, Bulletin No. 298, contains in addition to statistics on the movement of the crop, a map showing the peach areas and a graphic calendar showing the duration of the shipping season in each state.

PAROLES GRANTED TWO.

Fred Doel, Sick, and Dennis Sweeney, Paralyzed, Released from the State Farm.

Governor Ralston Tuesday granted paroles to inmates of the Indiana state farm at Putnamville. Those paroled were Fred Doel sentenced from Huntington county, for larceny, July 17, 1915, for a period of thirty days and fined \$100, and Dennis Sweeney, sentenced from Anderson, for intoxication, in June of this year, to serve thirty days and pay a \$100 fine. Doel is ill, and Sweeney has become paralyzed since being imprisoned.

Steven Haskett, a teamster of south Greencastle, and John Estes of the same community, were before Mayor J. Walter Cooper this morning and J. Walter Cooper Monday morning and Tuesday. Each was fined \$5 and costs, but the sentences were suspended by the mayor, when both promised to go home and support their families.

Haskett and Estes have been in the habit of imbibing rather freely of whiskey on Saturday nights and Sundays and the officers were well aware of that fact. Sunday, Marshal John Cooper arrested the two men in south Greencastle, both being in an intoxicated condition. They were lodged in jail and remained there over night.

Haskett has a wife and four children and only receives a small salary each week for teaming. He takes his money and uses it to buy "booze" and does not consider the needs of his family in the least. Mayor Cooper took into consideration the needs of the Haskett family before disposing of the case. He was threatened with a long term on the State Farm should he continue his drinking. Estes cares for his aged mother and procures whiskey prescriptions from the physicians on her account. He uses the whiskey himself. He was released by Mayor Cooper on his mother's account. Both Estes and Haskett have been arrested before.

Mr. and Mrs. Otto Dobbs have moved from their farm near Belle Union to the George Dobbs property on Washington street, where they will make their future home. Mr. Dobbs has rented his farm and now will devote his entire time to auctioneering.

TAFT MAY SUPPORT WILSON NEXT YEAR

Washington Hears Story That Will
Surprise Country—T. R. Held
Responsible.

WASHINGTON, Aug. 31.—That President Wilson, in his race for re-election next year, may have the support of former President William H. Taft is a report that is bumping around Washington. The person who reads this should brace himself, take a fresh grip on his chair and try not to fall off. He also should bear in mind that this is the season, in advance of a presidential campaign, when political prognosticators are hitting the pipe. If he follows directions he may be able to retain his equiscope while he listens to the latest Washington political tale, which, as aforesaid, is to the effect that President Wilson may have an enthusiastic supporter in former President Taft next year.

Here is the Theory.

The story is interesting, if for no other reason because of the ingenuity displayed in working up a theory upon which to base it. The theory is this: Col. Roosevelt is busy as a whole flock of bees trying to force to issue and to emphasize the doctrine that if some nation smites Uncle Sam on the cheek the thing for Uncle Sam to do, instead of turning the other cheek, is to land on the aggressor. It is believed that Roosevelt intends to make opposition to President Wilson's war policy his main issue and if he gets away with it and divides the country into two powerful factions he might become the logical candidate of the militant faction and President Wilson the candidate of the people who indorse the administration course with reference to the attitude that the United States should assume in the great war that is going on.

Where Would Taft Land?

If this line of cleavage should develop, separating the jingoes and the supporters of President Wilson on the one hand, where would former President Taft land? There is but one answer as President Wilson's friends see it, to this question. They would expect Taft not only to favor Wilson but to take the stump against Roosevelt, the bucking broncho, chip-on-the-shoulder candidate. "Taft would regard it as his patriotic duty to rescue the country from the perilous attitude in which Roosevelt would place it if he had half an opportunity," said a Wilson leader. "He would do this as a partit, without abating a jot his fealty to the republican party. When the war is over he would fight Wilson and the democrats as hard on the tariff and other economic issues as he ever found them in his life."

May Not Do Much.

While the theory as to what former President Taft would do under a given set of circumstances is a power-

brisk exercise of the imagination it is not considered likely in well-informed circles that the opposition to Wilson can be induced to base its claims for votes on antagonism to the administration's war policy. Roosevelt, aggressive and energetic as he is, can hardly bring about such a line-up. Opposition to the democratic tariff and the democratic industrial policies more likely will form the basis of foundation of the Republican platform, whatever the Bull Mooses may think about it. Present indications are that the big issue will be the tariff.

Root Growing Stronger.

Knowledge that there is pretty general indorsement of the president's handling of the situation with Germany is given impetus to the Elihu Root presidential boom. A good many Republicans are figuring that it will be necessary to nominate a Republican candidate who will appeal to the country as being just as strong and safe on foreign issues as President Wilson and who at the same time is orthodox from the Republican viewpoint, on the tariff. Root, they say, is such a man.

OBITUARY.

Benjamin H. Smith was born in Parke County, Indiana, near Rockville November 13, 1839, and departed this life August 26, 1915, at the age of seventy-five years, nine months and thirteen days. He came to Greencastle and entered DePauw University in 1859. In his sophomore year the war broke out and he left college joining the 14th Indiana Volunteers, which regiment holds the distinction of being the first to enlist for three years or until the war closed. Ill health caused him to be retired from the service. On returning home he regained his health and re-enlisted in the 11th United States Infantry. In this regiment he shared the fortunes of war in the Army of the Potomac. He participated in the battle of Fredericksburg, where his regiment occupied a central position in Gen. Sumner's division, that moved against Gen. Lee's strong forces on Mary's Heights. He often mentioned his comrades in arms and their gallant officers, and the grand review at Washington where he presented arms to President Lincoln. On July 16, 1863, he was united in marriage to Eleanor Goodale with whom he spent a long and happy companionship. Their union was blessed with four children, Lelia, Lulla, who died at three and one-half years, Flora, Evalina, and two sons, Charles Palmer and Clarence I. Bro. Smith was very fond of his home.

His religious life dates from his childhood. He was the son of a pioneer Methodist preacher, William H. Smith, who served in the traveling connection for fifty years. He joined the church when a child. Richard Hargrave, the famous preacher of that day, was presiding elder. Rev. T. C. Stringer was the pastor. This beginning of the active religious life flowered in a bright, clear, definite conversion in his seventeenth year. Its fruitage was seen in a perfecting of God's work in his heart in the summer of 1872, an experience to which he frequently referred. He and his wife were not only charter members of Locust street church, but were two of the first seven to start the movement out of which this church grew.

The past fifteen years of his life were spent in Greencastle, where he was well known as the penman. He was a skillful penman. When his health permitted he arranged for and taught penmanship classes. In these later years he wrote many name cards. His visits will be missed in many homes, and business places.

He leaves behind to mourn their loss three children, his wife having preceded him some eight years. Those nearest to him can testify to his love and kindness under all conditions.

The funeral was conducted in Locust street church, of which he was a faithful member, by the pastor, Rev. B. D. Beck. Interment in Forest Hill cemetery.

The marriage of Hubert F. Seller, the son of Mr. and Mrs. Luna W. Seller of southeast Putnam county, and Miss Gladys Sallust, the daughter of Mr. and Mrs. D. V. Sallust, occurred Saturday evening at home of bride's parents east of Mt. Meridian. Rev. W. H. Brown of Belle Union, a former resident of this city, performed the ceremony. Mr. Seller is 21 years old and his bride is one year his senior. Both are well-known and popular young people of this community. Mr. Seller formerly attended high school here.

Worth Their Weight in Gold.

"I have used Chamberlain's Tablets and found them to be just as represented, a quick relief for headaches, dizzy spells and other symptoms denoting a torpid liver and a disordered condition of the digestive organs. They are worth their weight in gold," writes Miss Clara A. Driggs, Elba, N. Y. Obtainable everywhere. adv.

OBITUARY.

Alvah Raymond, son of Calvin and Miranda J. Hurst, was born in Putnam County, Indiana, Nov. 1, 1881, and died Aug. 21, 1915, at the age of 33 years, 9 months and 1 day.

He was united in marriage to Celesta Coffman Aug. 14, 1904, and to this union was born two children, Gladys Marie, who survives, and Florence Dale, who preceded the sainted father and mother to that beautiful land where angels dwell. He was married again to Agnes Talbott of Maysville, Ky., Feb. 1, 1912, who was so patient and kind to him during his illness.

Deceased is survived by a loving wife, one daughter, Gladys; one brother, Elmer E., of Springfield, Ky.; one sister, Lettie R. Cline, of Coatesville, Ind., and a host of relatives and friends. He was a member of the I. O. O. F. lodge of Coatesville.

Raymond had been a great sufferer for the past three years, but he bore his afflictions with the same gentle patience which ever characterized his life and when death had set its icy seal upon his brow he was willing and ready and died in the full assurance that he was going to that beautiful home where neither sorrow, suffering or death can ever enter. His loving wife, Agnes, and kind friends did all that could be done.

A precious one from us has gone,
A voice we loved is stilled;
A place is vacant in our home,
Which never can be filled.
God in His wisdom has recalled
The boon His love had given,
And though the body slumbers here,
The soul is safe in heaven.

Funeral was conducted at Stilesville by Rev. Reuben Masten. Interment at Stilesville cemetery.

Why Increase the Milk Herd?

First—because there never was a time when dairy products were in such demand, easier to produce, or more profitable.

Second—because dairy cattle of good breeding were never sought for in greater numbers.

Third—because of the general cattle shortage throughout the whole North American Continent and the shortage of dairy cows—producers of butter, cream, milk and veal.

Fourth—because the monthly dairy check regularly given out the first of each month is a farm profit check that the dairyman can bank on regardless of weather or climatic conditions. He can always grow, no matter what kind of a season, plenty of forage that dairy cows can turn into dairy profits.

Fifth—because modern dairy equipment has reduced the farmer hard, cow-keeping drudgery to a pleasant labor and increased profits, so that dairying is now the most pleasant and profitable department on the farm.

That's why I advise every farmer to buy more cows—more good cows, for if ever there was a time in the history of the United States when it paid to go into the dairy business that time is today.—Farm Life.

None Equal to Chamberlain's.

"I have tried most all of the cough cures and find that there is none that equal Chamberlain's Cough Remedy. It has never failed to give me prompt relief," writes W. V. Harner, Montpelier, Ind. When you have a cold give this remedy a trial and see for yourself what a splendid medicine it is. Obtainable everywhere. adv.

WOMEN EARN MONEY
BY RAISING BIRDS

The woman with a love of animals or dumb pets of any kind often makes a good income rearing and training them at home. The education of cats and dogs is both fashionable and lucrative in some localities. But the education of song birds, while fascinating in the extreme, is followed by very, very few. Parrots, canaries and mocking birds are docile and apt, commanding a good figure for the developed artist when advertised, either through friends in a select circle or through the medium of the press.

The parrot and mocking bird have to be more or less carefully guarded lest they acquire undesirable linguistic habits, but the canary, having no gift of word, incurs no danger from thoughtless outsiders, as it sings only the air, and that has to be sung or played many times before the golden songster makes it his own.

It is cheaper to hatch these birds at home than to buy from a dealer when they are in infancy, as their education advances faster during early youth, especially the parrot's, and it is not safe to try to rear them by hand. However, parrots can easily be hatched under a bantam hen, which brings them up as carefully as will the mother bird. In case the old parrot dies, it is well to know this.—Farm Life.

WANTED—To rent—a good grain and grass farm. Can give a good recommendation. J. M. Jones and J. C. Moore, Cloverdale, Ind., R. R. 4.

INDIANS IN INDIANA.

According to Census Report Lately Issued There Are 279 Red Men in Nineteen of Counties.

If the ordinary bystander were to be asked as to whether or not there are any Indians in Indiana, he would probably respond, "None but political Indians." And yet, according to a report just issued by the census bureau, there are Indians in nineteen counties in the state, making a total of 279 for the entire state.

They are distributed by counties as follows: Allen, 9; Clinton, 2; Gibson, 2; DeKalb, 5; Grant, 19; Henry, 1; Knox, 4; Hendricks, 2; Huntington, 9; Jasper, 1; Laporte, 18; Marshall, 1; Miami, 119; Porter, 1; Posey, 1; Rush, 11; St. Joseph, 39; Wabash, 14; Whitely, 18.

It may be true that the Indian is fast disappearing from the United States before the advance of the paleface, but the fact remains that there are more Indians in Indiana now than there were when the last previous census, that of 1900, was taken. At that time there were in the state a total of 243 Indians.

At that time, however, there were more people of the red race in the counties of Miami, Grant and Wabash than at present. The increase has come in the other counties, and perhaps much of this has been the result of moving.

It is also an interesting fact that most of the Indiana Indians cannot be classified by tribes. The census bureau's tribal classification of the Indians in the Hoosier state follows: Delawares, 2; Miamis, 90; Penobscots, 1; Weas, 2; not reported, 184.

Speaking of the tribe of the Miami Indians, which is particularly an Indiana tribe the census bureau has this to say.

"A tribe whose habitat early in the seventeenth century seems to have been in Wisconsin and northern Illinois and Indiana. In the early nineteenth century the majority moved west to Kansas and later to Oklahoma, where they are now located on the Quapaw reservation. A portion much mixed with white blood still remains in Indiana.

"The number enumerated in 1910 was 226, of which 123 were in Oklahoma and 90 in Indiana. Comparisons with earlier years are difficult as the Miamis are much mixed with the Peorias and other tribes."

THE ENTRY LIST FOR BOYS JUDGING CONTEST STILL OPEN

Any Indiana boy between the ages of 16 and 20 years who wishes to enter the Boys' Judging Contest at the Indiana State Fair may do so any time until 8:00 a. m. the morning of the contest Sept. 7, 1915. Heretofore the entry list has been closed on Sept. 1, but the list will be open this year until the day of the contest. Every boy entering the contest must appear in the center of the judging arena in the coliseum between 7:30 and 8:00 o'clock Tuesday, Sept. 7, 1915, ready for work. The first class will be a class of draft horses which will be judged promptly at 8:00 o'clock.

The boy winning this contest receives a scholarship in any of the courses in Agriculture at Purdue University at Lafayette, Indiana, valued at \$100.00. The second prize is a scholarship of \$75.00, the third prize is a \$50.00 scholarship and fourth prize is a \$25.00 scholarship. Every boy who expects to enter the Purdue School of Agriculture within the next year should enter this contest. The winners get not only the cash premiums but also a reputation as a judge before they enter college. If you are ambitious and want to make the most of your work at Purdue—this is your first opportunity—grasp it.

THREE MORE ESCAPED STATE FARM PRISONERS CAPTURED

Sheriff Theodore Boes has three more escaped State Farm prisoners to care for at the county jail until the opening of court next week. One fugitive was taken into custody in Terre Haute and two in Hoopston, Illinois. This will increase the number of jail inmates to nineteen. Seventeen of that number will be sentenced to the State Prison next Monday by Judge Hughes of the Circuit Court for terms of from 2 to 5 years.

UNCLAIMED LETTERS.

The following letters remain in this office unclaimed for:
Billings, E. R.
Brown, Charlie.
Cunningham, Mrs. Jamima.
Hoffner, John.
McCoy, Mr. and Mrs. Walter.
Michael, Mrs. T. H.
Moreland, O. L.
Sackett, Andrew.

In calling for the same please say "advertised."

W. B. VESTAL, Postmaster.

The Tailored Suits
we are selling for less
than half price

Are bargains in the truest sense of the word

There is practically every size in the lot styles of most of the suits are very similar to the new advance fall styles—The colors, material and tailoring leave nothing to be desired—

From \$5.00 to \$10.98 there is a wide range of choice as regards color and design and every suit at what ever price is a bargain

The fall coats

Are choice garments—Coming in Tan, Covert, Blue, Black—Black and White checks and novelty cloth

The price \$5.00 to \$10.00 average less than half.

The new Rain Coats with Hats to match

are extra values at \$5.00—they are shown in Navy, Tan, and Black and White Checks—sizes up to 44—other Raincoats \$2.00 to \$4.00

The 100 or more Dress Skirts--

That we have on sale at an even \$2.00

Are the clean up of the season's business—shown in Black, Navy, Grey Black and White Checks and Novelty cloths—none of these skirts were less than \$5.00 many of them formerly were priced at \$8.50, \$10.00 and \$12.50.

All Dresses and Skirts--

made of wash materials—for girls, misses and women—can be bought at half price or less.

To the women and girls—who are interested in the very new advance styles of Waists, Skirts, Tailored Suits, Dresses and Cloaks—we extend a very cordial invitation to see some very choice garments—just in.

The Linoleum

you place on your floors now will give you satisfactory wear and service—

And we would suggest that if you intend placing Linoleum on your floors this season that you do so as early as possible—

Sept. 1st will see a still further advance in the wholesale price of Linoleum—But as yet—

We have not advanced the price on any quality now in the house--

Complete stocks of Rugs, Linolums and Shades enable us to make you very satisfactory prices.

Allen Brothers

HUNDREDS THROU

(Continued from Page 1.)

"Putnam county started rightly in the building of its citizenship and it has continued in the same course since its organization," said Samuel M. Ralston, governor of Indiana. "It has always been a patriotic county, as is evidenced by its choice of a name and by the hundreds of sons which it has given to the service of the nation in war times; it has always been a county in which justice has been given to unfortunates and it is a county in which the people early saw the advantage of education and gave of their means toward the establishment of a great educational institution—DePauw University."

Continuing, the governor paid a tribute to the county and to DePauw when he called to mind a number of great men who have lived here or gone to school here. Among those who were former residents of the county the governor mentioned Joseph E. McDonald, Dan W. Voorhees, Albert J. Beveridge, John Clark Ridpath, Albert G. Porter and James Watson.

Turning to the ludicrous, the governor asserted that Putnam county also stands high in his esteem because it ranks third of the counties of Indiana in the production of mules—the official emblem of the Democratic party.

Part of Governor Ralston's address was devoted to a discussion of some of the big problems before the state and nation. He declared the movement of farm boys to the cities to be one of the greatest misfortunes that has ever overtaken the country, but added that

he was not attempting to argue that all boys should be farmers "as every boy does not have brains enough to make a successful farmer today."

The speaker declared emphatically in favor of a state law prohibiting the intermarriage of diseased and mentally deficient persons and asserted that such a law would do much towards decreasing the number of wards received at state institutions. The present great war in Europe was spoken of when he eulogized President Taft for his public address calling upon all true Americans to back the president in his stand.

Albert Moran, tenor, delighted the great crowd with a vocal solo in the afternoon, the band playing his accompaniment. He sang, "Don't You Hear Me Callin', Caroline?" He is the possessor of a clear, sweet tenor voice and his solo was received with much applause by his hearers.

The concert furnished by the Greencastle band was also a very pleasing feature of the picnic. An all day's program, which consisted both classical and popular numbers, was given. To the efforts of the members of the band, especially to the work of Manager Charles D. Conklin, is due the credit for the promotion of the picnic. The attraction was considered a great success and the band is looking forward to next year's picnic and homecoming. Although the band realized no financial gain worthy of mention, the members of the organization are well pleased with the results of the attraction and hope to give a bigger and better entertainment next year. The crowd which attended the picnic was a big one and the picnicers were entertained with a fine program of speeches and music.

Personal.

Miss Josephine Young, the daughter of Mr. and Mrs. John W. Young, who has been visiting her aunt, and Dr. and Mrs. W. W. Woodrum, Pueblo, Colo., for the past two months, returned to her home last week. Dr. and Mrs. Woodrum accompanied her here and will visit relatives in this community for several weeks.

Mrs. Charles Moore, of Louisville, formerly Miss Blanche Alspaugh, this city, has been called here on account of the illness of her mother, Mrs. Columbus Alspaugh. Mrs. Alspaugh suffered a badly bruised hip when a buggy, in which she was riding, turned over, several days ago. Her condition is reported to be much better today.

U. S. Young, son of Mr. and Mrs. William Young on south Locust street, has returned to this city after spending the summer in the employ of the Packard Automobile company at Detroit, Mich. Mr. Young is now at Wabash, Indiana, this week where he will have charge of the debate and public speaking department of the high schools in that city during the coming school year.

Mrs. Lucinda Welch and daughter, Mrs. W. N. Steele, of Crawfordsville, former residents of this city, came last week to visit Mr. and Mrs. William Welch and family. Mrs. Welch returned home on Thursday afternoon, but Mrs. Welch will remain a week or ten days.

The death of Oliver Hixon, brother of Fred Hixon of this city, occurred at his home in Mecca, a small town in Mecca county, Thursday afternoon at 10 o'clock. Mr. Hixon is survived by a widow and three children. The funeral was held in Mecca Saturday afternoon at 2:30 o'clock. Mr. and Mrs. Fred Hixon and family were in Mecca Thursday on account of Mr. Hixon's illness. They returned that afternoon, but went to Mecca for the funeral Saturday. The deceased is well known to many Greencastle people, having often visited here. He was in the general merchandise business in Mecca.

Ray Sutherland, of north Greencastle, was fined \$1 and costs, which amounted to \$11, in Mayor Walter Cooper's Court Saturday morning at 9 o'clock for intoxication. When arrested before the mayor, Sutherland pleaded guilty to the charge, and made arrangements to stay his fine. He was arrested by Policeman Frank on Friday night, after he had been down the door of "Boody" Sutherland's home in north Greencastle. He was placed in jail and released there over night.

She started to go down stairs with her baby in her arms, Sunday morning, Mrs. Sam C. Pretson of Cloverdale, turned her ankle and fell. She fell the baby was thrown from her arms and both the mother and baby fell to the bottom of the stairs. Mrs. Pretson and the child were bruised and for a while it was feared that the child was critically injured. Monday reports were that each was going nicely and that there are no reports that their injuries are not as serious as was at first believed.

Friends here have been notified of the passing of Miss Josephine Depew, a niece of Mr. and Mrs. J. H. Hogate, who made her home in the latter. The message stated that Miss Depew drank carbolic acid and died Wednesday morning at the home of Mr. and Mrs. Julian Hogate, with whom she has lived several years. Miss Depew was a prominent family of Danville and 29 years old. She taught school for several years and entered the summer session of Indiana university last June with her older sister, Miss Kate Depew, a Kappa, roomed at the Kappa house. Miss Depew left two letters to her relatives stating that for some time she had contemplated death. Her parents died several years ago. She was one of the most popular girls of Danville and was known for her beauty and lovable disposition. Miss Depew's father was a prominent family of Danville and was well known here. Miss Depew also is known to many Greencastle people.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form. It has been shown that nasal catarrh indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little good. Direct catarrh you should treat its source by enriching your blood with the Scott's Emulsion which is a food and a building tonic, free of alcohol or any harmful drugs. Try it.

Mr. and Mrs. John Cannon and Judge and Mrs. James P. Hughes have returned from Gary, Indiana, where they have been visiting Mr. and Mrs. Harry Call. They drove through in the Hughes car.

Otto Mecum, who formerly was employed in the Christie Shoe store here, and who now is employed in a Detroit shoe store, and Miss Maude McCrea of Lafayette were married in Chicago last week. They will make their home in Detroit.

Mr. and Mrs. George Dobbs, of Terre Haute drove to this city Saturday afternoon and spent Sunday with Dr. and Mrs. W. A. Moser at Belle Union. Mrs. Moser is the daughter of Mr. and Mrs. Dobbs.

Prof. James Wright, of New Maysville, a brother of County Superintendent L. G. Wright, has been appointed superintendent of the North Salem schools, and soon will leave to accept his new position.

Mr. and Mrs. Samuel McCoy and Mr. and Mrs. Edward Turner, of Indianapolis, were the guests of Mr. and Mrs. J. A. Deitrick and family Sunday. Mr. and Mrs. Deitrick reside several miles east of this city.

Miss Mabel Jackson left last Sunday for Newport, where she will attend the annual Vermillion County Teachers' Institute next week. Miss Jackson teaches in Dana and will go there from Newport to assume her school work, which begins September 6.

Those attending the funeral of Benjamin H. Smith, from a distance Sunday were: Charles H. Goodale and W. D. Smith of Indianapolis, Charles F. Smith of Peru, Ind., and D. Smith Clark, of Carlisle, Ind.

Mr. and Mrs. Henry Lample and son, who have been here the guests of Mr. and Mrs. C. A. Kelley and family, left Saturday for their home in Wichita, Kas. Mrs. Lample and son visited relatives at Stilesville, while in this community. Mr. Lample, who has been transacting business in Chicago, came here Wednesday and accompanied his wife and son home today.

The local band gave a concert at Fillmore Monday, where the Gephart Town Lot Company held an auction sale of real estate. The band men left here on the 11:51 interurban car and returned here late that afternoon. A large crowd attended the sale and the real estate was reported to have sold well. Fillmore is growing rapidly and is now one of the prettiest little towns in the county. The land which was sold Monday is known as the Sellers addition.

Audrey S. Keifer and M. A. Thomas of New York City, are here for a week's visit with Mr. Keifer's parents, Mr. and Mrs. Jacob Keifer, on south College avenue. Mr. Keifer and Mr. Thomas are connected with the Whitnet-Drake Checking System company of New York. They have recently completed the installation of a large checking system in a Milwaukee hotel. From here they will go to Houston, Texas.

The Herald is in receipt of an invitation from the citizens of Hendricks county to attend the dedication of the Hendricks county court house in Danville on Wednesday, September 8. The exercises will begin at 9 o'clock and continue through the afternoon. Vice-President Thomas R. Marshall will make the address. The invitation is really arranged. It gives views of the new court house together with views of the structures used as court houses in Hendricks county in the years 1826; 1832 to 1858 and 1858 to 1913. A number of Putnam county attorneys and other citizens will attend the dedication.

Among the Greencastle people who spent Sunday at Eel River Falls near Cataract were: Mr. and Mrs. C. N. McWethy and daughter, Miss Jeanette; Robert Athey, Miss Helen Broadstreet, Mr. and Mrs. Frank Thomas and daughters, Miss Geraldine, and Miss Adelaide, and son, Gordon; Dr. and Mrs. W. M. McGaughey and daughter, Miss Margaret Emily, and Mrs. Margaret Mathews, Mr. and Mrs. C. C. Gillen and son, Wayne, and Mr. and Mrs. William Grogan, Miss Pearl Newgent, Otis Stewart, Robert Newgent and Russell Newgent.

Woods Batman, who owns a farm in Floyd township, is one of the many farmers who has suffered losses on account of the heavy rains during the past two months. Mr. Batman raised a fine stand of wheat on his farm and the grain was cut and laid in the field until it was very wet. The crop was very heavy and many farmers estimated that the field would raise 35 bushels of grain to the acre. The wheat was wet when threshed and much of the grain was wasted. However, the field averaged 22 bushels of grain to the acre. Mr. Batman resides near Bainbridge, but owns a farm in Floyd township.

To the Public.
"I feel that I owe the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy a word of gratitude," writes Mrs. T. N. Witherall, Gowanda, N. Y. "When I began taking this medicine I was in great pain and feeling terribly sick, due to an attack of summer complaint. After taking a dose of it I had not long to wait for relief as it benefited me almost immediately." Obtainable everywhere. adv.

David Rudisill, son of H. C. Rudisill, who underwent a slight operation for abscess Tuesday at the Methodist Hospital at Indianapolis, is reported better.

E. P. Mathers, of Bay Minette, Ala., is here for a several weeks' visit with Mr. and Mrs. P. R. Christie, who reside on north College avenue. He will also visit relatives in Clayton before returning home. He is Mrs. Christie's father.

Mr. and Mrs. Frank Donner and Mr. and Mrs. R. L. O'Hair, who have been in Bay View for the past few weeks, arrived home Monday night at near 10 o'clock. They drove home in the Donner car.

Mrs. F. P. Huestis and daughters, who have been visiting relatives in Irving, Ill., have returned home. Mr. Huestis and son, Denver, drove to Irving and brought them home in the Huestis car.

Thomas Manuel, son of Mr. and Mrs. A. H. Manuel, was brought to his home in this city Monday evening from the Methodist Hospital in Indianapolis, where he recently underwent an operation for appendicitis. His condition is much improved.

Mr. and Mrs. Henry Butler, of Marsburg, arrived here Sunday morning and spent the day with Mrs. E. B. Evans. Miss Alice Butler and Miss Jeanette Butler, their daughters, who have been visiting friends here for the past two weeks, will return home with their parents this evening.

Mrs. Eliza Talbott, 81, who makes her home with Miss Sue Terry, on Larabee street, fell from the back porch of the home Monday evening and fractured her hip. Mrs. Sue Duckworth, a sister of Mrs. Talbott, who also lives with Miss Terry, met with a similar accident several weeks ago and still is confined to her bed as the result of her accident. Each of the women are elderly and their accidents are serious.

Elizabeth A. Lindsey and others have filed a petition in the Putnam Circuit Court, through their attorney, Charles McGaughey, of Roachdale, asking for a partition and sale of real estate in Franklin township. Josephine Young and others are made the defendants of the action. The plaintiffs claim they are entitled to a portion of the estate of the late John W. Young of Franklin township. They allege that the 80 acres of land is not susceptible of partition without a sale. They ask that a commissioner be appointed to sell the real estate and divide the land among the heirs.

Miss Irma Hootman, the daughter of Rev. and Mrs. A. M. Hootman of this city, left Wednesday for Danville, Ill., where she appeared that day in chautauqua work. Miss Hootman is an accomplished vocalist and is traveling in chautauqua work this summer with the Mauer Concert company. She appeared in Brazil Tuesday evening and came here to spend the night with her parents. She will complete her summer's work this week and will return home Saturday or Sunday. Rev. and Mrs. Hootman and daughter, Miss Grace, and Miss Mary Bittles, were in Brazil Tuesday evening to hear the concert given by the Mauer Concert company.

Rev. and Mrs. E. L. Day and family of Indianapolis, are here the guests of Mrs. Martha Mann, who resides on east Hanna street. Rev. Day is pastor of the north side Christian church of Indianapolis and is at present conducting revival services at the Somerset Christian church north of this city. He, accompanied by Rev. A. M. Hootman and Henry Bicknell of this city, went to Somerset Monday evening for the services. They made the trip in the Bicknell machine. R. R. O'Haver, a young Butler college student, is assisting Rev. Day in the revival meetings.

Fred "Lucy" Peyton was arrested by Policeman Frank Riley Monday night, lodged in jail overnight and made the defendant of a charge of intoxication in Mayor Walter Cooper's court Tuesday morning. He was unable to sail with his heavy cargo of booze Monday night and when he got out on south Locust street gave up his trip to the south end, his load being a little too heavy. People who reside on Locust street were disturbed by his hilarious talk and sent in a police call. When arraigned before Mayor Cooper this morning, Peyton pleaded guilty to the charge and was fined \$1 and costs. He made arrangements to pay the fine and was released.

L. O. KELLEY SELLS LYRIC MOVING PICTURE THEATRE

The Lyric motion picture theatre in the Donner building on east Washington street has been purchased by C. S. Halderman and son, F. S. Halderman of Montpelier, O., of L. O. Kelley, who has operated the place of business for the past several years.

The purchase was made Tuesday and the new owners took possession of the picture show Wednesday. The two men have had experience in management of motion picture theatres and have been in business in several different places. They stated that day that the theatre would be improved within the next few weeks and the interior redecorated.

TAYLOR WINS THE GOLF TOURNAMENT

The regular weekly tournament of the Greencastle Golf Club, played Tuesday afternoon, was won by E. B. Taylor, who played the 18 holes in 89. His net score was 76. The list of those who played, their handicap, gross score and net score, follows:

Player.	Handicap.	Gross S.	Net S.
E. B. Taylor	13	89	76
S. C. Sayers	10	89	79
J. A. Throop	16	95	79
R. M'Cutchan	13	97	84
C. Thomas	30	115	85
J. F. Cannon	20	111	91
Fred Hixon	16	108	92
C. C. Gillen	19	114	95

Card of Thanks.
We wish to thank our relatives and friends for the kindness that was shown us in our late sickness and sorrow; also Dr. W. D. Conn for his kindness and attention.

Mr. and Mrs. Chas. A. Roe.
Reunion of Old Soldiers.

The annual reunion of Co. B, 43rd Indiana Volunteers was held Thursday on the DePauw campus. A splendid program of addresses and camp-fire talks made the meeting a most interesting one.

State Fair Special to Indianapolis.
Vandalia Railroad. Leaves Greencastle 7:31 A. M. Sept. 8th and 9th. Returning leaves Indianapolis 7:00 A. M. For time of other trains and further information apply to J. S. Dowling, ticket agent, Greencastle.

WOMEN HAVE A FIGHT; ONE IS FINED \$11.

Mrs. John Thornburg, a well known character of north Greencastle, was fined \$1 and costs, which amounted to \$11 in Mayor Walter Cooper's Court late Tuesday afternoon, when she pleaded guilty to a charge of assault and battery, which was filed by Mrs. Lon Smith, another resident of the north end. The trouble between the two women occurred in the north part of the city Tuesday afternoon. A letter written by Mrs. Smith to Mrs. Thornburg is said to have been the cause of the trouble, which resulted in a fist fight encounter. Mrs. Thornburg paid her fine and was released.

Let Contract for Library.

COATESVILLE, Ind., Aug. 31.—The contract for building the Coatesville Carnegie Library has been awarded to the Masten Lumber Company, a local firm. There were seven bidders and the prices ranged from \$5,844 to \$8,500, the Masten bid being \$6,300. The building will be made of Chinchilla brick with stone trimmings and red tile roof. Its dimensions will be 51x32 feet, with a basement auditorium and committee room. The library proper will be all under one ceiling with rooms divided by book shelves. The Carnegie Library Commission will give \$8,000, which will cover most of the cost of the building and lot. Work has begun on the basement and it is hoped to have the building finished by January.

T. M. Myers, one of the old residents of this vicinity, who moved to New Winchester a year or so ago, died very suddenly on Wednesday of last week while making preparations for a public sale of his personal property the next day. The interment was at Oak Hill cemetery at Lebanon on Friday.

The White Lick Baptist Association will meet at Bethel Baptist Church, four miles southwest of Coatesville, on Tuesday and Wednesday, Sept. 7 and 8. Rev. Raligh Smith, of Pittsboro, is the moderator, and Albert H. Worrell, Clayton, clerk. Many prominent divines and church workers will be present and take part in the different sessions.

Miss Ruth Cross and Miss Oakie Cross, of Roachdale, were here Tuesday evening to attend the Elks dance.

WARREN TOWNSHIP COUPLE MARRIED HERE WEDNESDAY

Clarence E. Booty, 25 years old, the son of Mr. and Mrs. John Booty of Warren township, and Miss Laura E. Cooper, 20 years old, the daughter of Mr. and Mrs. C. E. Cooper of near Putnamville, were united in marriage at the home of Rev. L. D. Dodd in this city Wednesday morning at 10 o'clock. The ceremony was performed by Rev. Dodd. Both Mr. and Mrs. Booty are well known and popular young people of Warren township. They will spend a few days on a trip through the northern part of the state. They will make their home on a farm near Putnamville, which is owned by the groom.

MARRIAGE LICENSES.

James Otha Miller, of Marion township, and Miss Lola E. Arnold, of Marion township.
Clarence Wilman, of Cloverdale, and Miss Reggie Clair Bunten, of Marion township.

MISS MARY HUFFMAN WEDS YOUNG SCHOOL TEACHER

The marriage of Miss Mary A. Huffman, the daughter of Mr. and Mrs. Allen Huffman of this city, and Huston Woods, a prominent young man of Danville, Ind., was solemnized in Danville on Wednesday. The bride is one of the popular young women of this community. Mr. and Mrs. Woods will make their home in Oregon.
Mr. Woods has attended school in Danville for the past several years and recently received his diploma from the Central Normal school in that city. He has accepted a position to teach in Oregon and he and his bride left immediately after the wedding for the West. Mrs. Wood is a graduate of the Greencastle high school and attended DePauw university. Those attending the wedding from this city were: Mr. and Mrs. Allen Huffman, the bride's parents, and Miss Helen Browning.

Miss Edith Singleton and Miss Jessie Singleton will leave Friday for Chicago and East Hammond, respectively, where they have accepted positions teaching school next term.

- Mens Mackinaw coats from **\$3.95 to \$8.95**
- Girls and Womens shoes worth up to \$4.50 will go for **\$2.95**
- Mens shoes worth up to \$3.50 for **\$1.95**
- Mens \$1.50 and \$2.00 shirts only **\$1.15**
- Mens \$1.00 shirts only **69c**
- Boys \$5.00 and \$6.00 suits..... **\$3.95**
- Ladies slippers worth up to \$4.50 **\$1.95**
- Ladies white shoes and slippers worth up to \$4.50.... **\$1.00**

And many other great bargains well worth coming for four miles to get.

This sale means that you can choose any article out of this \$20,000.00 stock of merchandise and find it is marked to sell at much less than the price you are used to paying.

H. C. ALLEN, Prop.

CADILLAC DRIVER SETS FAST MARK TO OUTFRIN TRAIN

HARRY O. MCGEE PILOTS CAR
ALONG 72 MILES' ROAD IN 77
MINUTES—AUTO REACHES
TERRE HAUTE 12 MINUTES
AHEAD OF VANDALIA SCHED-
ULE.

THOUSANDS LINE COURSE

TERRE HAUTE, Ind., Aug. 30.—Driving a 1916 Cadillac "Eight" 72 miles in 77 minutes Harry O. McGee Sunday afternoon beat the scheduled time of the fast Vandalia train between Indianapolis and Terre Haute 12 minutes and set a new record for an automobile for the highway. The sensational drive, which was completed without a mishap, was witnessed by thousands who lined the National Road for miles and packed Wabash avenue between Tenth street and the Southeastern viaduct. A carrier pigeon, which was loosed the same time the train and motor car pulled out of Indianapolis, returned to its cote at 2:30 o'clock in the afternoon.

There was a big surprise party at the Union Station at 1:44 o'clock when one of the fastest trains of the Vandalia Railroad company, "The St. Louisan," arrived on time. There were thousands of surprised persons on the scene, but none more surprised than Engineer Pat Dailey and Fireman Orville Kitch.

Enginemmen Surprised.

The object of the surprise and astonishment was the big dusty Cadillac touring car containing three dirty begrimmed occupants. Standing in the front seat of the machine was McGee, who had stationed his car in Ninth street and had put everything in shape for the surprise party. He had left the Washington street bridge which spans the White river watching the smoke oozing from the St. Louisan's engine as it gathered speed.

Fireman Kitch was leaning in the cab window as the engine came to a halt near Ninth street. He saw the car and the dust begrimmed figure. He knew it was McGee.

"Oh Pat!" he exclaimed wildly. "If here ain't that automobile as sure as you're alive."

"It can't be," said Pat, and he took a look.

He pushed his way through the crowd and clasped the driver's hand.

"I didn't think you'd do it. It was certainly some fast driving," he told McGee.

Wants Another Race.

As he turned away he smiled and said:

"But let's run another race. Come on to St. Louis."

The fastest time ever made by a Vandalia passenger train, running from the Union Station in Terre Haute, is 68 minutes according to official information. This was made not long ago. The distance between these two points is 73 miles. From the Washington street bridge, where the race started Sunday, to the Union Station, the distance is about 72 miles.

Vandalia officials reported Sunday that Engineer Dailey made the trip recently when his train was late in Indianapolis, in an hour and 12 minutes. This would be a little better than a mile a minute.

The carrier pigeon which also entered the novel and sensational race is owned by Louis Hayes, 2016 North Seventh street. The bird was released at the time the Cadillac left the Washington street bridge but appeared confused and did not immediately start its flight to Terre Haute. Owing to the weather conditions the pigeon was not expected to make record time. The bird reached its home cote a few minutes after 2:30 o'clock. Pigeon fanciers said the time was remarkably good considering adverse wind and cloudy conditions. Mr. Hayes, who is agent for Vim Trucks, sent the bird to Indianapolis and waited at his home until it returned.

The thousands of persons who lined Wabash avenue, east of the city for miles, had good reason to be thrilled when the driver rolled into sight several minutes ahead of his schedule. In the run from the White River bridge in Indianapolis to the Chicago & Eastern Illinois intersection at Tenth street and Wabash avenue, McGee established a new record for driving on roads.

In making the trip on the rough

roads, McGee's time was but little short of a mile a minute. It was necessary for the driver to cut down his speed at several places on account of dangerous bridges and bad places on the road. His speed varied from 10 to 75 miles an hour. The maximum was made at three intervals. The first time was a few miles this side of Indianapolis, the next coming through Brazil and the last leaving the Southeastern Railroad viaduct in East Wabash avenue. The driver was making but little more than 35 miles an hour when he passed Thirteenth street and Wabash avenue.

Aside from its heavy coat of dust, the car reached Terre Haute in much the same condition as it was when it was taken from the Cadillac station at Indianapolis at noon. Despite the enormous strain to the mechanical parts, examination failed to reveal any harm to the engine and other parts.

Car Carries Ballast.

The Cadillac backed on the bridge at Indianapolis at 12:14 o'clock. In addition to Mr. McGee in the car were William Eger of Brazil, and Sylvester Griffith, colored, chauffeur at the Cadillac agency in Indianapolis. The weight of the three occupants was not thought sufficient for ballast and two large sand bags were placed in the bed.

C. F. Eckler, general manager and Henry Steigmeyer, sales manager of the Cadillac distributing point in Indianapolis and their wives, left Indianapolis in a Cadillac about two hours before McGee started. They advised persons along the route of the time the car was scheduled to arrive at the respective points and greatly facilitated the policing work.

At 12:15 o'clock the train was passing near McGee. He said he could see the smoke from its engine curling above some buildings nearby. He got underway and the auto was not stopped again until it reached Tenth street and Wabash avenue.

The road between Indianapolis and Plainfield was good for the most part and here the driver struck a pace of about 75 miles an hour. The car reached Plainfield six minutes ahead of its schedule which was calculated to bring it into Terre Haute at 1:40 o'clock.

When the auto reached the Halfway House it was 12 minutes in advance of the schedule. From this point to the Reelsville Hill it was necessary to go slower. The party reached Reelsville four minutes ahead of the schedule. From Harmony on, to the destination the machine gained and it reached Terre Haute eight minutes sooner than was calculated.

Wheels Leave Roadway.

According to the occupants the machine skidded dangerously only once. Wheels left the road several times during the grind according to Mr. Eger.

"We could hear the wheels spin, and we knew that they were off the dirt," said he.

Eger said that he had ridden with McGee on several trips and felt confident all the time that they would arrive in Terre Haute in good shape. Eger said that he has observed the work of some of the best drivers in the country, but considers them not equal to McGee after Sunday's grilling run.

At one point of the road the driver was forced to take a desperate chance. This was this side of the Vandalia track at Bridgeport. For more than a mile the road recently has been graded with crushed stone.

Realizing that he could not check his momentum sufficiently before he reached the stone, McGee decided to take the stretch at high speed. Exactly 60 miles an hour was made on the loose rocks. The sound of the rocks striking against the bottom of the car and fenders was equal to a galling gun, according to McGee.

With one or two exceptions, bridges were crossed by the automobile at a speed of between 40 and 50 miles an hour. The machine was slowed to 10 miles an hour to cross one bridge on a curve at the foot of a hill just east of Putnamville. A great speed here would have been extremely dangerous according to the driver.

Roads Lined With People.

Terre Haute's population appeared to be strung along the roadsides for miles east of the city many minutes before the driver was scheduled to appear. Hundreds of automobiles were parked along the highway, having gone as far east as Reelsville to view the race.

The occupants of the car said that the entire countryside about Brazil seemed to be gathered along the roadway. They said the roadsides were lined with people at every city and town they passed through.

Since the race was first announced unusual interest has prevailed in sporting circles of not only Terre Haute but Indianapolis and other cities. In the betting the odds gen-

erally were in favor of the train.

Thousands of people greeted the driver at the Union Station. Here Mayor Gosson was handed by McGee a message from the mayor of Indianapolis. Gosson read the message and announced that the driver had been victorious. This brought out an enthusiastic demonstration. McGee was again cheered when he arrived at the local distributing point for the Cadillac, 323 Ohio street.

The driver was warm with his praise for members of the Rotary Club, automobile men and the police of Terre Haute and Brazil for the manner in which the highway was kept clear for his passage. He said that his course was disturbed but once, and this was a few miles this side of Indianapolis.

President John S. Cox of the Rotary Club had charge of the policing of the road from Highland Lawn Cemetery east to the Reelsville Hill. Members of the club and other persons were distributed along the route between these two points to signal the driver.

There were 38 men in Mr. Cox's party most of whom were members of the Rotary Club. They took care of practically every place in the road where danger was probable. Mr. Cox said that he was much pleased with the efficient manner in which the plans were executed. The Terre Haute men were relieved in the policing of the road a mile on either side of Brazil. This portion was guarded by the Brazil police.

The School Plant and Recreation.

Men will not tolerate in a public-school building a performance they might witness without protest in other places, says Clarence A. Perry, in a bulletin just issued by the U. S. Bureau of Education. For this reason Dr. Perry thinks the movement to use the school plant for social and recreational purposes is destined to purify as well as popularize amusements.

"The teaching staff and other machinery of the public schools are dedicated by the people to a betterment service," says Dr. Perry, "therefore society will not permit the building erected solely for that purpose to be put to a contrary use."

Statistics gathered by Dr. Perry from 45 leading cities in the United States show that in one month there were over 800,000 attendances upon evening functions in the public-school buildings of these cities. The bulletin declares that these figures mean so many evenings spent in wholesome activity by persons many of whom would otherwise have spent that time in less beneficial or in positively harmful pastimes. "These 800,000 instances of the influence of the school in one month, whether scattered over many persons or concentrated upon a few, indicate the tremendous force for righteousness that was extended by one month's extension work in these 45 cities."

"The public character of all functions held in the school building has the effect of censoring these functions," asserts Dr. Perry. "The activity which a group heartily, publicly, and unshamefully seeks, affords the kind of expression that its members need. When youths and maidens consort in the public-school building in social life we may be certain that instincts of racial importance are being cherished instead of exploited."

"Unfortunately," says Dr. Perry, "a large number of young people, in the heyday of life, are devoting their ample margins of energy to passive amusements and degenerating satisfactions. What holds these young people back from profitable pastime is lack of meeting places and of leadership. Suitable meeting places and wise leadership would, for a vast majority of them, change the evenings of waste and drifting into times of up-building and character-strengthening. The opportunity which society needs for this purpose it possesses in the vast equipment of the public school which lies idle otherwise during the period of popular leisure."

Death of Miss Houghland.

The death of Miss Josephine Houghland, age 63, occurred suddenly Friday evening, at 8:00 o'clock at the home of Mr. and Mrs. Peter McNary, about four miles east of the city. Apoplexy was the cause of her death. She was ill only two hours.

Miss Houghland was the daughter of David Houghland, deceased, who formerly owned a harness and wagon shop on south Indiana street. She had no brothers or sisters living, her closest relation being her nephew, Charles Houghland, of Greencastle.

The funeral was held on Sunday afternoon at 2:00 o'clock at the Christian church. Rev. Hootman had charge of the services. Burial was in the Forest Hill cemetery.

Miss Lillian Stroube and Miss Pauline Young, of Roachdale, visited friends here Friday. They are both well-known in Greencastle.

AFTER FIVE YEARS.

Danville Testimony Remains Unshaken.

Time is the best test of truth. Here is a Danville story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. M. Shelley, S. Tennessee St., Danville, Ind., says "I suffered for a long time from backache that robbed me of all strength and energy. Doan's Kidney Pills benefited me and since then, I haven't had lumbago and my kidneys have acted properly."

FIVE YEARS LATER Mrs. Shelley said: "My former endorsement of Doan's Kidney Pills was right in every particular."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Shelley had. Foster-Milburn Co., Props., Buffalo, N. Y.

CLEAN BUILDINGS PRIOR TO OPENING OF SCHOOL

The public school buildings of the city are being cleaned and the fixtures arranged for the opening of school September 13. The janitors at the various buildings are doing the work and will be busy for the next two weeks.

The work of installation of a new heating and ventilating system in the high school building is progressing rapidly and most of the work will be completed before the opening of school.

SIXTH ANNUAL REUNION OF THE McCULLOUGH FAMILY

The Sixth Annual Reunion of the McCullough family will be held at the Eel River church, Sunday, September 5. The reunion is given for the members of the family and friends and old settlers of the community. Those who attend the reunion are requested to bring their dinner. The principle speakers of the day will be John H. Rawley of Brazil, Mrs. H. R. Malone of Indianapolis and G. S. Payne of Brazil.

LOCAL YOUNG MAN AND EMPLOYER HAVE "MUDDLE."

Emory Wass, a young man of Greencastle, who taught in the Amo schools last year, holds that he is to teach there again. Trustee John W. Figg of Clay township holds that Wass is not to teach there. They are logger-heads and three petitions are circulating in the vicinity of Amo. Meanwhile, both the teacher and the trustee are sitting "tight," and each accuses the other of rocking the boat.

The squabble is a bit of the gossip that has been going the rounds since the school masters and the school ma'ams came to town for the institute.

Supt. Martin has "nothing for publication" in connection with the matter.

Wass was hired to teach his first school at Amo last year. His specialty was public speaking and other things. All moved smoothly until the very last day of school. Just when everything seemed smooth sailing and the harbor was in sight a squall came on which muddled things. The squall was a literal one, or ones, plurally speaking. A gad, heftily applied brought them on. It was the very last day of school, and the "exercise" was not in keeping with the auspicious occasion. It tore the community up hence the three petitions.

According to the story, one of the pupils under Wass "fizzled" on the final exam. The pupil took the matter up with Wass and the fur flew. The pupil was soundly spanked. It was the last day of school.

Prior to the spanking Wass had asked the trustee for another year's employment. Both the trustee and Wass agreed that a partial understanding was had. The trustee said that as far as he knew the teacher would be retained. It appears that the trustee "knows farther" now. At any rate he says Wass will not be the pay roll another year. The trustee says that the patrons of the school are up in arms against Wass as a result of the last day chastisement episode and that it will not be to the interest of the school to employ him for another term.

Wass holds that the trustee employed him for another year and he contends that he is going to hold the trustee to his promise. There was no written contract made.

Considerable interest is being taken in the matter by the patrons of the Amo school and conditions are said to be very warm. Two petitions are being circulated asking that the trustee refuse to employ Wass again. Wass is circulating a petition asking that he be retained. Trustee Figg told Wass that if he succeeded in getting two-thirds of the patrons to sign the petition he would engage him for the year's work. Then he began casting about for a new teacher.—Danville Gazette.

Wass is the son of Mr. and Mrs. John Wass who reside on west Columbia street.

A PARCEL POST SALE IS MEANS OF RAISING MONEY

An innovation in church sales will be the parcel post sale which will be held under the direction of the Ladies' Union of the Christian church about the middle of September. The sale is a new one for Greencastle and probably a new one for the state of Indiana.

The idea of using the United States mail service as a means of obtaining money to defray church expenses was conceived by parties in other states who sent cards to their friends in this city asking their aid in fixing parcels for sale at a church fair. The ladies of the Christian church took the suggestion made by friends and now parcels are being received daily for the sale.

Postal cards telling the nature of the sale have been sent by members of the Ladies' Union to their friends at various points in the United States. The card asks that all parcels be received by September 1.

The card does not specify what the parcel shall be, but asks that some article which can be sold for ten, fifteen, or twenty-five cents be mailed to the sender of the card. A letter is to accompany the parcel naming the price to be received for the parcel. The parcel is not to be unwrapped and no one but the sender of the article will know what the package contains. The packages will all be taken to the Christian church where the sale will be held. The buyer of the parcel will not know what is within until after he has made the purchase and unwrapped the package. The date for the sale will be fixed by the ladies at a meeting to be held in a short time.

Several ladies of the church have already received as many as eight parcels and the same have been turned over to Mrs. A. M. Hootman. The plan, it is said, was suggested by Mrs. Nellie Anderson, the treasurer of the church who has done much to wipe out the church debt in the past few years. More than one hundred postal cards have been sent by the ladies of the church.

WANT FREIGHT REVISION.

Brazil, Knightsville and Greencastle Grocers Want Rates According to Schedule.

A suit has been brought in the Marion County Circuit Court by the Schnull & Co., wholesale grocers, and by grocery firms at Greencastle, Plainfield, Brazil and Knightsville, Ind., asking that the Vandalia railroad company be compelled to revise its freight rates at points from Indianapolis to the Illinois state line in conformity with a schedule issued by the Indiana Railroad Commission in 1906. It is alleged in the suit that the railway company is not observing the order of the commission, but is collecting approximately 35 per cent. more than it should. The court is asked to enjoin the company from charging any other rates than those fixed by the commission.

WEATHER MAN SPOILS BIG DAY AT EEL RIVER FALLS

Cool weather and threatening rain all day were the two unfavorable weather conditions, which put a "crimp" in the picnic at Eel River Falls, near Cataract Sunday. Only a small crowd attended the picnic.

The Greencastle band gave an excellent concert, which was the only entertaining feature of the picnic at the falls. The members of the band made the trip to Cataract in an automobile and a motor truck.

The management of the Eel River summer resort is planning to erect a dancing pavilion, bath house and make other great improvements on the grounds before fall. The falls will be in excellent shape by early spring. Big entertainments will be given there every two weeks next summer.

CLAIMS SEWER BENEFITS ARE ASSESSED TOO HIGH

Through his attorney, George M. Wilson, of this city, Dr. Salem B. town, financial secretary and treasurer of DePauw University, filed a petition in the Putnam Circuit Court today, asking that appraisers be appointed to reassess the benefits of the new city sewer system to the university property. Dr. Town claims that the cost of the sewer improvement to the institution is too high.

The city council has fixed the rate to be paid for the benefits of the improvement to the university at 1 per cent. per square foot. The college officials claim this is too high, when the fact that a large amount of the real estate owned by the school is unoccupied by buildings is taken into consideration. Many square feet of university ground is used for the campus.

Another reason for the objection is that the residence properties owned by the university are assessed at the same rate as the real estate occupied by the school buildings, while the rate charged for sewer benefits to property owned by individuals is only one-half per cent. per square foot. Dr. Town claims that much of the property is not really benefited by the improvement because of the fact that there are no buildings on the lots and bases his complaint on the fact that the lots are assessed at double the rate charged for other residence property.

PERRY MYERS AND MISS ISA HARBINSON MARRIED

The marriage of Perry Myers and Miss Isa Dell Harbinson occurred at the home of Mr. and Mrs. Fred Reising on west Washington street Saturday evening. Rev. B. D. Beck performed the ceremony.

The wedding was a quiet affair and only the immediate relatives and intimate friends of the couple were present.

The groom, who is employed by J. E. Champer, a prominent stock buyer, is very well known in this city. The bride is the daughter of Robert Harbinson, a hotel proprietor of Bainbridge, and is a very popular young lady of this city. Mr. and Mrs. Myers will make their home on north Vine street.

MISS MYRTLE HAMILTON WEDS WM. R. VALENTINE

The marriage of Miss Myrtle Hamilton, the accomplished daughter of Mr. and Mrs. Samuel F. Hamilton of this city, and William R. Valentine, superintendent of the Dana schools, was solemnized at the home of the bride's parents on south Locust street Sunday afternoon at 4 o'clock. The ceremony was performed by the Rev. Bert DeWitt Beck, pastor of the Locust street M. E. church. Only the members of the immediate family of the bride were present at the wedding.

Mr. and Mrs. Valentine left immediately after the ceremony for Terre Haute where they made a short visit. They left Terre Haute today for Newport, where they will attend the Vermillion county teachers' institute. Mr. Valentine will assume his school work in Dana next week. They will make their home in Dana until spring and will then go to Kosciusko county, where Mr. Valentine is engaged in the farming business.

Mrs. Valentine has made her home in Greencastle for the past year, her father coming here last fall to be in the employment of the Greencastle Orchard company. She has made many friends in Greencastle during the time she resided here. She formerly taught school in East Columbus, Ind., schools.

Mrs. Margaret Frushour, of Royal Center, Ind., the bride's aunt, was the only out-of-town guest here for the wedding.

Mr. and Mrs. W. E. Mitten and children, of Goodland, Ind., were here Sunday the guests of Prof. and Mrs. H. A. Henderson. Mr. Mitten is a member of the Goodland school board, having already served fifteen years in that capacity and having been selected to serve another term.

A LARGE CROWD HEARS CONCERT

ALTHOUGH THE COOL WIND WAS RATHER UNCOMFORTABLE THURSDAY EVENING, THE PEOPLE WHO ASSEMBLED ON THE DOWNTOWN STREET TO HEAR BAND MUSIC, FAILED TO LET THAT CONDITION INTERFERE WITH ENJOYMENT OF THE ENTERTAINMENT.

GOOD PROGRAM RENDERED

The cool weather failed to interfere with the enjoyment of the concert given by the local band at the southeast corner of the square Thursday evening. A fine program was given by the band, and the selections were greatly appreciated by the downtown crowd. The concert was given under the auspices of the Greencastle Booster Club.

The weatherman has been disposed to put the "damp" on all sorts of public entertainments here and in the surrounding community this summer. Thursday evening he evidently attempted to continue his depredations, but did not accomplish his purpose.

The streets downtown, especially on Indiana and Washington streets, were crowded with automobiles and many people swarmed the downtown streets. The wall around the court house lawn served as a seat for many people. The cool breezes were rather uncomfortable, but the crowd braved the weather and enjoyed the concert.

The members of the band are considering a new plan for entertaining the people, who appreciate their music during the winter months. If the band management can make the arrangements, concerts will be given in a local theatre about once each month this winter. Lengthy programs will be given at the concerts and the entertainments should be very popular. The next concert will be given Sept. 12.

HIGH SCHOOL CLASS OF '06 HOLDS REUNION THURSDAY

The class of '06 of the Greencastle high school held a reunion at the home of Miss Jennie Farmer just east of this city Thursday evening. The reunion was a preliminary meeting held prior to the tenth annual reunion of the class, which will occur next spring. About forty young people were present to enjoy the reunion.

The earlier part of the evening was spent in receiving acquaintances on the beautiful lawns at the Farmer home. A bountiful picnic supper was enjoyed by the young people. Later, the party withdrew to the parlor, where a delightful program was rendered. Mrs. Fred O'Hair gave a vocal solo and Miss Martha Ridpath, former principal of the high school, read a poem which was very appropriate to the occasion.

The teachers, who were members of the high school faculty at the time the class of '06 attended the institution and were present at the reunion were: Miss Martha Ridpath, Miss Lillian Southard, Miss Florence Wood and Miss Mabel Bishop.

Those attending from a distance were: Marion Woody of Cincinnati, Joseph Ringo and family of Poland, N. D., Maurice Sutherland and family of Groveland, Mr. and Mrs. Vern Elrod of Coatesville, and Mr. and Mrs. Aden Torr of Lyons.

Letters were received from Mrs. Minnie Buster Williams of Columbus, Mrs. Mary Harris Glore of Wheeling, W. Va., Karl Haspel of Washington, Ind., and Mrs. Bernice Keifer Doddridge of Vincennes.

Telegrams were also received from Harry Hughes, who is traveling with the Lincoln Chautauqua company, and Clarence Wysong of Minot, S. D.

HANDLING DAMP WHEAT BY A MIXING PROCESS.

WASHINGTON, Aug. 28.—Much of the new crop of wheat as delivered from the farm this year has a high moisture content which if put into storage without special treatment is very likely to cause trouble by becoming musty and hot.

By mixing high-moisture and low-moisture wheat together, a method whereby part of the damp wheat of this year's crop can be put into good condition was demonstrated in an experiment at Baltimore which was directed by a grain standardization specialist of the Department of Agriculture in cooperation with the Gambrill Manufacturing Company of that same city.

The experiment described was performed to determine if it would be possible or feasible to handle damp wheat in such a way that it would not be necessary to put it through a commercial drier and yet insure its keeping in storage or during shipment.

For this experiment one car of Pacific Coast white wheat containing 1098 bushels was mixed with one car of Eastern red winter wheat containing 1126 bushels, and put into storage in an elevator bin. On July 29, samples taken from the white wheat while it was still in the car tested 9.7 per cent. in moisture. Samples taken from the red wheat on July 31 while this wheat was also still in the car tested 15.1 per cent. These wheats were thoroughly mixed on August 3 and the mixture was then put into storage in an elevator bin and allowed to remain there until August 6, when it was transferred to another bin. Samples taken from the wheat at the time it was transferred tested 12.9 per cent. moisture for the red wheat and 12.2 per cent. for the white wheat. The wheat was allowed to remain in the second bin until August 10 when it was transferred to a third bin. Samples taken at this time showed that the moisture content of the red wheat was 12.5 per cent. and of the white wheat, 12.0 per cent. While the grain was still in the cars the red wheat tested higher in moisture by 5.4 per cent. than the white wheat. By August 6, or three days after the wheats were mixed, enough of the moisture from the damp wheat had been transferred to the dry wheat so that the difference in their moisture content at that time was only seven-tenths of one per cent. By August 10, or one week after the wheats had been mixed, the difference in their moisture contents had been reduced to only one-half of one per cent.

In order to have a record of the temperature changes in the grain during this experiment, four electrical thermometers were placed at different depths in the bin into which the mixture was run. No appreciable change in temperature was noticed during the transfer of the moisture from the red to the white wheat.

The mixing of damp and dry wheat will facilitate the handling of the wet wheat this year. The miller who buys wet wheat and has some dry wheat to mix with it can obviate some of the extra work in handling the damp wheat to keep it in condition and also get it in shape for milling by mixing the two wheats together for a few days. This will also do away with part of the extra work in drying. One car of wheat can be dried down to a low moisture content and then mixed with another car of high moisture content wheat and time and labor be saved. If the mills or elevators are equipped so that they can mix and dry at the same time, this method will greatly increase their capacity for taking care of large quantities of damp wheat.

Rev. Hootman delivered an interesting sermon at the Sunday evening union services of three Greencastle churches during the past several months have proven very successful. Sunday evening the auditorium of the Locust street M. E. church was filled to its capacity to hear the sermon delivered by Rev. A. M. Hootman, pastor of the Christian church.

Rev. Hootman spoke on the subject of "The Value of Experience." He gave many timely quotations, from various authors, at the beginning of his discourse.

We here quote a few of the many excellent utterances: Arthur Phelps, has well said, "Experience is the extract of suffering." H. W. Beecher says that "God sends experience to paint men's portraits." Shakespeare says: "Experience is a jewel, and it needs to be so, for it is bought at an infinite cost."

Mr. Hootman used as his text, Gen. 30:27, "I have learned by experience that the Lord has blessed me for thy sake." This was Laban's testimony to his son-in-law, Jacob.

The best test of experience is to be obedient to all truth. Solomon said, "My heart had great experience of wisdom and knowledge. The king had tasted the bitter and the sweet; he had drawn out every stop and swell, in the organ of his soul, he had set passion on the throne; stool to play his accompaniments, to every imagination, whether fancied or real.

Experience then is hammering truth into shape, on the anvil of your life, and the sparks that fly from the red hot steel, are the scales of dead material that you have cast off, and do not need.

REV. HOOTMAN DELIVERS INTERESTING SERMON

The Sunday evening union services of three Greencastle churches during the past several months have proven very successful. Sunday evening the auditorium of the Locust street M. E. church was filled to its capacity to hear the sermon delivered by Rev. A. M. Hootman, pastor of the Christian church.

Rev. Hootman spoke on the subject of "The Value of Experience." He gave many timely quotations, from various authors, at the beginning of his discourse.

We here quote a few of the many excellent utterances: Arthur Phelps, has well said, "Experience is the extract of suffering." H. W. Beecher says that "God sends experience to paint men's portraits." Shakespeare says: "Experience is a jewel, and it needs to be so, for it is bought at an infinite cost."

Mr. Hootman used as his text, Gen. 30:27, "I have learned by experience that the Lord has blessed me for thy sake." This was Laban's testimony to his son-in-law, Jacob.

The best test of experience is to be obedient to all truth. Solomon said, "My heart had great experience of wisdom and knowledge. The king had tasted the bitter and the sweet; he had drawn out every stop and swell, in the organ of his soul, he had set passion on the throne; stool to play his accompaniments, to every imagination, whether fancied or real.

Experience then is hammering truth into shape, on the anvil of your life, and the sparks that fly from the red hot steel, are the scales of dead material that you have cast off, and do not need.

In closing his sermon, Rev. Hootman said, "Best of all experiences is a happy Christian life which is like a deep fountain flowing out from the base of a vast mountain, whose mistlike fragrance rising from its sprinkling waters, ascends upon the wave of the wind toward the blue dome of heaven, there to mingle its sweet aroma with the fleecy clouds.

"But the stream, moves majestically on its course as it leaps and bounds over the jagged rocks or rests on some deep pool in its onward path to the seas. Now it winds like silver ribbon in the broad deed valley of green and then it kisses, sweetens and refreshes all nature by its vigorous and unselfish life.

"A similar life should be that of the Christian, sweet, pure, life-giving and perpetual."

NOTICE.

SEVEN ARE INJURED IN MOTOR ACCIDENT

CRAWFORDSVILLE, Ind., Aug. 23.—Two persons were hurt, perhaps fatally, and five others were injured near New Ross, Ind., nine miles east of here, at 7 o'clock this evening when an auto in which a party of seven was riding was overturned. Those injured seriously are:

Charles O. Stevenson, 50 years old, back broken; probably will die.

Miss Lucie Steward, hurt internally; may not recover.

Besides those hurt seriously, Vera Goss, an 8-year-old girl, received a broken arm and Miss Florence Stevenson suffered a crushed arm, while Miss Lizzie Steward and Mr. and Mrs. Steward sustained severe bruises. Mr. Stevenson was rushed to St. Vincent's Hospital at Indianapolis for treatment. The other persons were cared for at their homes near New Ross, where all of them reside.

The car was being driven by Miss Florence Stevenson, daughter of the injured man, and the accident was due to the motor which caused Miss Stevenson to lose control, resulting in the car turning upside down. The party was returning from a trip to Greencastle, Ind., and the motor had caused trouble throughout the trip.

Mr. Stevenson bought the car three weeks ago. About a week ago he lost control of the machine near here and ran into a crowd, breaking the arm of a bystander. Mr. Stevenson is a prosperous farmer.

Ralph Hill has returned to his home in this city after spending a week's vacation on his father's farm near Reelsville. Mr. Hill is employed in the Christie Shoe store.

Hugh Crawford, of Topeka, Kansas, is spending his two weeks' vacation with his parents, Alford Crawford and wife.

ISSUE INVITATIONS FOR ANNUAL SHRINER PICNIC

The following invitation has been received announcing the time and place of the annual Putnam County Shriner's picnic:

Oh! ye noble sons of Hu
Salaam to the rising sun.
Then hie away, o'er the dunes so few,
To the spreading pines, the Oasis of fun,
Where the festive board is laden down
With delicacies rich and rare,
Brought by the caravan from lands renowned
For this presumptive historic affair.
Our genial host with a smile so bland
Will greet one and all at the gate.
With a cheery word and a shake of the hand;
So come early and stay late.
Your sweethearts, wife and children too
Kotow to the setting sun;
Also you, Noble sons of Hu.
Pleasant memories linger after the fun.
Don't forget the place—
Noble Charles Carver's farm, one and one-half miles west of Bainbridge.
Don't forget the date—
Sunday, September 12, 1915.
Come, bring the whole family and have a good time.

The invitation was written and designed by Dr. A. E. Ayler of this city. The invitation is very attractive and original in style. The Shriner picnic is always a very enjoyable event and a large crowd is expected to attend this year's picnic.

Forest Hill Cemetery Report.

Interment in Forest Hill cemetery in August, 1915:
